The Bishop’s Convention Address

The Right Reverend Mariann Edgar Budde, D.Min., D.D.
Ninth Bishop of Washington

January 25, 2020

*When the days drew near for him to be taken up, Jesus set his face to go to Jerusalem.*

*Luke 9:51*

I’d like to speak of where we’ve been as a diocese; what our focus will be in the coming year; and in particular, what you can expect in the first 90 days after Convention and in subsequent 90-day increments after that.

Today we officially launch our strategic plan. I want to assure you that this plan is not going to occupy a spot on our diocesan website and not be referred to again. None of us can afford to let that happen.

There are three words I’d like you to remember.

- Revitalize.
- Inspire.
- Partner.

Let me begin with a moment in Jesus’ life that speaks to our moment. It’s one of the most important, as told in the Gospel of Luke, but it’s easy to miss, to read over without realizing the significance of what’s happened.

Prior to this moment, Jesus has been busy teaching, healing, casting out demons, and feeding the multitudes in the villages around the Sea of Galilee. Then Jesus takes a break and climbs a mountain with three of his disciples. Jesus regularly went to the mountain to pray and regain his perspective. This time was amazing: first he had a mystical conversation with his spiritual ancestors, Moses and Elijah. Then a light came upon him that seemed to change his appearance, and the voice of God spoke from a cloud: “This is my Son, my Chosen, listen to him.”

When Jesus and his disciples came down the mountain, the whirlwind of human need was waiting for him. We all know what that’s like. Before he had a chance to catch his breath, Jesus was back at work doing all the things he had done before. But something was different, again easy to miss if you’re not paying attention. You see, after Jesus came down from the mountain, he realized that his time on earth was limited, and so he changed course. “When the days drew near for him to be taken up,” the text tells us—in the midst of everything vying for his attention and as he continued his ministry of teaching, healing and mentoring his disciples—Jesus turned and “set his face toward Jerusalem.”

Turning is the first spiritual practice in the Way of Love, the Episcopal Church’s rule of life. We turn in many ways. Every day, as his followers, we are to turn toward Jesus—as Presiding Bishop Curry says, like a flower turns toward the sun. We turn toward one another, our neighbors and even our enemies. We are to turn from our sins and toward that which gives life. And from time to time, we are called to turn and set our face toward a vision that we believe is of God. Moments of God-given clarity don’t come
every day, but when they do, the call to turn toward them is clear, with a sense of urgency. The time has come.

Friends of the Diocese of Washington, this is our time to turn and set our faces toward a preferred future that we have collectively discerned.

Let me remind you where we’ve been in the last 12 months:

At last year’s Convention, we launched the discovery phase of a strategic planning process, drawing inspiration from Jesus’ parable of the sower who planted seeds in all kinds of soil. We wanted to become good soil in which seeds that God plants can bear fruit.

Then we took time to talk to one another. Think of those 12 discovery sessions as the mountain we climbed together. In the middle of everything, we stopped long enough to pray, talk candidly, and cast our gaze toward the horizon.

Over 500 strong from across the diocese met in face-to-face conversations. You spoke of what you love about your congregations and value about being part of this diocese and the Episcopal Church. There is so much good about our church: this is our spiritual home, our heritage, our particular expression of Jesus’ movement of love. May we never lose sight of what the Episcopal Church means for us and for the world.

Yet in those gatherings you were also unflinchingly honest about what isn’t working, what’s missing, and what is unclear. This is some of what we heard.

- We struggle with our identity as Episcopalian Christians.
- People don’t know who we are.
- We don’t have a clear path for spiritual growth.
- We’re getting old.
- Our buildings and operations are expensive and resources are scarce.
- We have trouble prioritizing competing needs and interests.

These are not minor issues. They will not resolve themselves. They are why we need to change course. And our strategic plan will help us with that change.

After the discovery sessions, a leadership team worked to distill, discern, and craft proposals, ask for feedback and revise—a process that lasted through the summer and early fall. In October, they presented their final proposal to a joint meeting of the Diocesan Council and Standing Committee, and both bodies unanimously approved it. Diocesan Council then authorized funding for a five-year implementation strategy.

I’d like to pause here to acknowledge the Holy Spirit and thank you. We had no idea where the journey would take us, but together we climbed a mountain, spoke from our hearts, and prayed for a way forward. The Holy Spirit blessed our efforts. As a result, we have clarified our mission, cast a vision for the next five years, set goals, and identified the steps needed to realize them. Today we turn and set our face toward our Jerusalem.

You have the entire plan before you. I’m going to touch upon highlights and our focus for the first year.

The Diocese of Washington exists to draw people to Jesus and embody his love for the world
The focus of our mission is Jesus and his love, not ourselves. Faith communities exist so that people like us can be inspired and fed at his table. We are, along with Jesus' followers everywhere, the Body of Christ.

The way that we live out our mission as a diocese is:

• by equipping faith communities,
• promoting spiritual growth,
• and striving for justice.

Our Vision for the next five years is “To be a diocese that draws on the gifts of all God’s people to serve Christ together and live Jesus’ Way of Love”.

This is a vision of collaboration, born of the conviction that God has already provided all that’s needed for our congregations to thrive. Everything we do rests on the foundation of our relationship with Christ and one another. We are investing in that foundation now.

During worship, we highlighted one expression of our investment with the commissioning of regional deans. Led by Andrew Walter, Canon for Strategic Collaboration, and supported by all the diocesan staff, regional deans will do the work of convening and relationship building, so that neighboring congregations can come to trust one another as friends and resources for ministry.

We also reorganized the entire diocesan staff. Some of you have expressed a bit of confusion about this—who is doing what now? Whom do I call? Now that the reorganizational work is largely done, in February we’ll send you a clear description of everyone’s work and all the resources available to you.

The communication function of the diocese is now the responsibility of Keely Thrall, who has stepped into this role with her characteristic grace and skill.

Cheryl Wilburn is now your first point of contact when you want to reach me or Bishop Chilton. In truth, Cheryl is your first contact for just about everything, as her love and breadth of knowledge for all of us in the diocese is unparalleled.

Raihana Bashir is your first contact when you want to reach Paula Clark, who in her role as Canon to the Ordinary now leads diocesan staff and keeps us all joyful, connected, and on task.

Don Crane is the Chief Operating Officer and Legal Counsel. The list of congregations he is guiding through challenging circumstances is growing daily, and you know who you are. Soon many of his responsibilities will migrate to Andrew Walter as Don's position becomes part-time.

Michele Hagans continues her vital work as Canon for Special Initiatives, which essentially means that she can make things happen no one else can. For example, if you’re wondering how we paid for this weekend of revival, that would be because Michele Hagans worked to raise the money.

For today, what’s important for you to know is that all of our work aligns with three overarching goals:
Part II: Annual Convention Proceedings

- Revitalize our churches to grow the Jesus movement
- Inspire every person to grow in faith & equip our leaders to lead well
- Partner in ministries of service and justice for greater impact

Under each goal, we have measurable objectives. If we try to do everything at once, we risk accomplishing nothing. So for the first year, we’ve chosen one objective under each goal. We’ll divide each objective into smaller tasks to complete in 90-day increments. We began this rhythm in June, with the goal of coming to Convention not only with a plan, but a strategy for implementation. We’ve learned that this discipline of specific tasks completed on a timeline keeps us moving forward.

Here are the three objectives for 2020 and our first implementation steps.

- Under the goal of revitalizing our churches, this year’s objective is:
  - To establish church health assessments and revitalization strategies

Paula Clark and Todd Thomas are the diocesan staff leading the revitalization work that is mission focused. Don Crane, Andrew Walter and the administration team—Kathleen Hall, Peter Turner, Kelly Cooper, Kim Vaughn—will provide the personnel, financial, legal, and yes, crisis, support essential for congregational health. Rest assured that congregational revitalization is part of every diocesan staff member’s portfolio. In early February a group of clergy and lay leaders will gather with us to determine the health assessments and practices that will become our revitalization strategy. We’ll take our cues from the healthiest congregations in the diocese and best practices across the Episcopal Church and beyond.

Some of our congregations are ahead of the curve here, and if you’re among them, this is your opportunity to share what you know. For those that are struggling, there are no quick fixes to reverse years of steady decline or plateau. But there are ways to move toward spiritual health and renewal. They all require a change in focus and behavior, which is not easy, but also not impossible. With God, all things are possible, and it helps when we’re clear why we’re making a change and for whom, and when we’ve identified the most strategically important changes to make.

Here are a few examples.

- One metric is to keep track of how many first-time visitors your congregation has in a year. A healthy number to strive for, we’ve learned through our friends at the Unstuck Group, is the same number of first-time visitors as your average worship attendance. For example, if your average worship attendance is 100, then you’d want how close number of first time visitors to 100 in a year.

Keeping track of first-time visitors prompts you to assess how well you prepare for, welcome, and follow up with guests. If you’re near your average worship attendance, that’s a cause for celebration. If you’re below, you have what the Unstuck Group calls a weak front door. That means your members aren’t inspired to invite others, and there isn’t enough going on in your church for those outside the congregation to notice. You As a part of your revitalization strategy, you might decide to brainstorm ways to increase the number of first time visitors. That would have the effect of shifting your focus outward and ensure that your worship is uplifting and
meaningful for others, not just yourself. As part of your strategy, you would keep track of your efforts and assess your progress.

• Another metric of health—this goes deeper—is the quality of the relationships among the congregation’s core leadership. Last year’s convention speaker, Nancy Beach, said it this way: “the closer I get to the key leader, the more I hope to experience love and unity of purpose.” If your core relationships are healthy, that’s cause for celebration. If there is conflict, confusion of purpose, or drift at the center, your revitalization strategy must include dealing with those things. For if primary relationships in a congregation are strained, it adversely affects every creative endeavor you attempt.

• Another assessment might be an evaluation of the depth and relevance of your ministry offerings. When people visit your website or attend Sunday worship, what do they find? How obvious a priority is spiritual growth for you, and how clear the path for growth? Sadly, some of our congregations’ monthly calendars have almost nothing on them, while others have so much that it’s hard to discern a spiritual path amidst all the activity in need of volunteers.

The second objective of our plan speaks to the importance of spiritual growth and the clarity of our message—more on that in a minute.

One final assessment that I think of every Sunday on my visitations is the physical attractiveness of the spaces we inhabit. I know there’s a lot of deferred maintenance to contend with, but I’m also convinced that we could make many of our churches more hospitable and attractive with volunteer labor, $10,000 worth of cleaning supplies and paint, and a dumpster. Here is my offer: if you provide the labor, a makeover plan, and the dumpster, we will provide the money.

Our first 90-day action plan is to identify the assessments and practices that will become our diocesan revitalization strategy. We’ll share them with everyone, and in the second 90 days we’ll work with up to ten representative congregations that are ready to do the work of strategic revitalization.

Under the second goal: Inspire every person to grow in faith and equip our leaders to lead well, our first objective is to create a School for Christian Faith and Leadership. Across the diocese we heard a desire for greater spiritual depth and clarity, concern for the lack of resources in some congregations, a sense of frenetic activity in others, and a need for leaders to be better equipped.

The good news is that we are blessed with tremendous educational expertise. We have gifted teachers for all ages, retreat leaders, and spiritual guides. We have leaders who know a lot about finance and administration. The aim here is to create a flexible structure—both relational and online—so that we can best amplify their gifts and ensure that everyone has the opportunity to grow in faith and leadership. Congregational collaboration is key here, as we learn to share resources and build one another up.

Robert Phillips, Sue von Rautencranz, Sarabeth Goodwin, and Mildred Reyes are the diocesan staff leaders on the side of spiritual formation and growth. Don Crane and Andrew Walter will anchor the parish leadership track, although, again, we’re all involved. In the first 90 days, we’ll gather a group of educators to help us imagine what shape the school might take. Imagine the possibilities: Retreats, mission trips, and
classes offered across congregational lines; small group gatherings that people could attend in their neighborhoods with other Episcopalians; resources readily available online, joint training sessions for wardens, treasurers, and first-time rectors. Once we’ve determined the scope of the school, in the second 90 days we’ll determine the steps we need to take to create it.

This is a big undertaking, and we’re excited about it. We also know that it’s going to take some time and we need help in thinking it through and creating it. As God is gracious, last year the diocese received a generous bequest dedicated solely to education, which means we have the resources upfront to do this work well.

Lastly, In fulfillment of our goal to partner in ministries of service and justice, our first objective is to identify a primary justice ministry in each region on which to collaborate for greater social impact.

In the discovery sessions many expressed the belief that we would accomplish greater good if we worked together and lamented the fact that they didn’t know what their neighboring congregations were doing.

In the first 90 days, Daryl Lobban will take the lead in his new role as the Missioner for Advocacy and Justice, working with regional deans and deacons. Together they’ll ask what your congregation is doing in the realm of community service and justice. Then they’ll invite community service and justice leaders of each region to meet. We’ll learn a lot from those conversations alone, and given the passion of some of our people, I expect there to be a lot of energy in the room. We’ll give the Holy Spirit room to inspire us with possibilities we do not yet see.

By the end of the year, we’ll see if one ministry emerges in each region for collective engagement, and if not for the entire region, perhaps for several congregations within it. There are justice concerns that transcend regional boundaries which we listed in our plan, and we fully expect them to surface in our local conversations, as they did in our discovery sessions, and that will help us organize more effectively.

Remember that the focus of our justice efforts is what we pray every time we pray as Jesus taught us: that God’s Kingdom might be realized on earth; that we might do our part to fulfill God’s dream for everyone in the human family and all creation, that we might join Jesus in way of sacrificial love.

In closing, let me say this: the hardest part of a strategic plan isn’t doing the work. It’s narrowing the focus of our work to the things that are most essential, and not doing other good things that diffuse our efforts. In the coming year, our diocesan focus will be to:

• Revitalize
• Inspire
• Partner

Let me speak personally now. Just as the best science tells us that we don’t have all the time in the world to reverse the damage we’re doing to our planet—maybe ten years—we as a church don’t have all the time in the world to reverse the trends of decline. But in the ten years or so that—God willing and the people consenting—I have left as your bishop, this work is my focus. It is my work because I believe that our church, with our vision of
what it means to follow Jesus, is a priceless jewel on the broad spectrum of Christianity. I believe that what we have been given and what we have to offer is desperately needed in our time. I believe that, as Jesus said, we are like yeast in a loaf of bread and light in shining in darkness, and that we are called to serve a wider purpose than we realize.

I also believe that God has called Presiding Bishop Curry to his ministry for a time such as this, but if the Episcopal Church is nothing more than the Michael Curry show, what does that say about us? Hasn’t God has called each one of us, too?

As your bishop, I commit to turning toward Jesus every day, and I invite you to do the same.

I commit to follow Jesus and his Way of Love, and I invite you to do the same.

I commit to the mission, vision, and strategic goals we have collectively discerned and invite you to do the same.

You must hold me and the diocesan staff accountable to the goals we’ve set, but if this work is only for the bishop and her staff, we will fail. I need to hold you accountable, too.

Will you, on this weekend of revival and renewal, rededicate your life to Jesus?

Will you commit to a way of being church together that will help us realize the dreams God has placed on our hearts?

If so, then I am confident of this: that the God who has begun this good work in us will see it through to completion.

May God bless and keep us all, as we follow Jesus and his way of love.

**CASTING OF THE FIRST BALLOT**

Mr. Roachford provided voting instructions and delegates cast the first ballot.

**TREASURER’S REPORT**

Mr. Jonathan Nicholas, Treasurer, summarized the Diocesan budget for the year just ended (noting that the following figures have not been finalized). He said the Diocese received a clean audit for fiscal year 2018, which was published in the 2019 *Journal*.

The Diocese had a small surplus of $53,610 as a result of a change in net assets from operating activities. The surplus combined with the returns on a portion of assets from non-operating activities resulted in an increase of net assets totaling $575,512.

Congregational giving was $2,400,000, which was $168,348 below the budgeted amount. The Bishop’s Annual Appeal raised $182,000, which was $2,000 above the target. The operating budget included $1,266,945 of Soper Fund income. The Diocese also received $200,000 in interest and dividends, $50,000 over the amount projected.

Overall operating expenses were slightly lower than projected, as the Diocese held off on filling some vacant administrative positions in anticipation of the implementation of the strategic plan. Non-operating revenues included a loss on investments of $86,551, countered by an unrealized gain on investments (from the rebalancing of the portfolio) of $608,453, resulting in net gains of $521,902.

As of November 30, 2019, the Diocese had total assets of $101,497,852 and total liabilities of $22,502,129, yielding total net assets of $78,995,724. Of the total net assets, 62 percent are permanently restricted, meaning the Diocese can only spend the returns, not the principle. Another 28 percent are temporarily restricted, meaning they are dedicated for a specific purpose. About 10 percent are unrestricted and can be spent at the discretion of the bishop.

The value of the Soper Fund as of December 31, 2019, was $33,417,331, an increase of $4,740,903 since December 31, 2018.

In 2019, sixteen Congregational Growth Grants were awarded, totaling $175,535. The Rev. Linda Kaufman, chair of the Congressional Growth Grants Committee, encouraged parishes to apply for grants to revitalize their congregations, inspire people to faith, work for justice, and the parish.
**Report of the Tellers on the First Ballot**

Ms. D’Oniece Dillard, Epiphany, DC, Head Teller, reported the results of the first round of balloting for Diocesan offices. A tabulation of the results can be found in the section of this *Journal* titled “Report of the Tellers.”

A second round of balloting was needed for the clerical members of the Standing Committee and the fourth clerical alternate deputy to the General Convention.

**Casting of the Second Ballot**

Mr. Roachford provided voting instructions and delegates cast the second ballot.

**Presentation by the Diocesan Hunger Fund**

Ms. Radha Muthiah, President and Chief Executive Officer of the Capital Area Food Bank, thanked the attendees for their contributions to her organization. She showed a video about the organization, which explained that it is expanding partnerships to increase access to health and education services and that it is broadening how it measures progress. Ms. Muthiah said every major religion advocates for working to end hunger. Despite strong economic growth, high employment rates, and generally good public health in the Washington region, hunger and food insecurity persist, and their effects on individuals are profound.

The Capital Area Food Bank works primarily through a network of community- and faith-based organizations to provide food to those in need so they can be healthier and more productive. Ms. Muthiah noted that the organization was founded by an interfaith group of church leaders and opened on Martin Luther King, Jr., Day in 1980. The group chose that day to highlight the links between justice, equity, and food security. Ms. Muthiah concluded that food is critical for every aspect of existence, and each person can do something to help.

**Presentation and Adoption of the 2020 Diocesan Budget**

Mr. Stephen Gibson, Redeemer, Bethesda, MD, Chair of the Finance Committee, presented the proposed budget for 2020. The budget allots $495,000 for first-year costs of implementing the Strategic Plan. The 2020 budget is a balanced budget.

The non-operating grants budget accounts for funds that flow directly to parishes through the Congregational Growth Grants ($200,000) and the Latino clergy subsidies ($148,000, previously reflected in the operating budget).

The operating budget for 2020 is $4,410,794, which is $140,501 (3.2 percent) more than 2019. The goal for congregational giving is $2,600,000, a $32,000 increase over 2019. The Soper Fund is predicted to earn about $1.4 million this year. Of that, $1,305,794 will go to the operating budget. (The remaining income will fund the grants budget.) The Bishop’s Appeal is expected to draw $180,000, as in 2019. A portion of overall revenue (seven percent) comes from other investment income and other sources. Mr. Gibson reported that 60 percent of operating expenses go to the Diocesan Ministries, including support for parishes and the implementation of the Strategic Plan.

Mr. Gibson moved adoption of the budget as presented. Without further discussion, the budget was approved by a show of hands.
Part II: Annual Convention Proceedings

The President acknowledged those congregations that tithed to the Diocese as well as those that had increased their commitment by one percent.

**Report of the Committee on the Constitution and Canons**

Mr. Tony Coe, Chair of the Committee on the Constitution and Canons, delivered the report. The Committee had three items to present to the Convention for action. One item was substantive and two items were technical corrections.

First, the Committee submitted to the Convention amendments to the canons to extend the pilot program for alternatives to Regional Assembly meetings by an additional 2 years.

Second, the Committee submitted to the Convention technical and conforming amendments to the Canons that (1) provide a technical correction for two inconsistent provisions in the Canons (relating to the Treasurer’s membership on the Finance Committee) to be consistent with Diocesan practice; and (2) provide a technical correction to section 3504(b)(3) of the Canons where the word “mission” was omitted in error.

These proposed amendments appeared on pages 42 through 44 of the Convention booklet.

**Part I**

**Pilot Program for Alternatives to Regional Assembly Meetings**

On January 27, 2018, the 123rd Convention passed a resolution that amended the Canons by adding section 2306 that established a pilot program for alternatives to Regional Assembly meetings. The resolution that established the pilot program also contained a freestanding section providing for a conforming repeal of the text of section 2306 when the pilot program terminated after two years in 2020.

Under the pilot program any region may initiate a plan that provides an alternative to the conduct of the business of the region at a traditional annual meeting of the regional assembly. The alternative plan could include any alternative to an in-person meeting, such as one or more electronic meetings and the use of electronic voting. Every region over the last two years have initiated and implemented a plan. After monitoring the pilot program over the two-year trial period, the Diocesan Council and Bishop have received mainly positive responses. In the fall of 2019 the Diocesan Council and Bishop submitted a proposal to the Committee on the Constitution and Canons to extend the pilot program by an additional two years for further evaluation. During the additional two-year period a region may conduct its annual regional assembly in the traditional manner or choose the option to initiate an alternative plan under section 2306 of the Canons.

The proposed changes require amending the text of the Canon, which includes a sunset date, and also requires amending the original resolution that established the pilot program, because that resolution included an automatic repeal provision.

Appendix I following the proposed amendments to the Canons and establishing resolution shows the strikes and inserts to the text of section 2306 of the Canons and the text of section 2 of that resolution.
Therefore, the Committee on the Constitution and Canons moves the adoption of a resolution amending the Canons and the related resolution as follows:

Resolved,

Sec. 1. Pilot Program for Alternatives to Regional Assembly Meetings.
(a) IN GENERAL.— Section 2306(e) of the Canons is amended by striking “February 15, 2020” and inserting “February 15, 2022”.

(b) TECHNICAL AMENDMENT.— The Resolution of January 27, 2018 relating to the Pilot Program for Alternatives to Regional Assembly Meetings is amended by striking section 2.

(c) EFFECTIVE DATE.— This section shall take effect on the day after the last day of the annual meeting of the Convention in calendar year 2020.

Sec. 2. Repeal of Program
(a) IN GENERAL.— Section 2306 of the Canons is repealed.

(b) EFFECTIVE DATE.— This section shall take effect on February 15, 2022.

Discussion
There was no discussion. The Resolution on the Pilot Program for Alternatives to Regional Assembly Meetings passed by a show of hands.

(1) is an alternative to holding an annual meeting; and

(2) complies with this section.

(c) PLANS FOR PROGRAM PARTICIPATION.—

(1) SUBMISSION AND APPROVAL OF PLAN.— A Regional Assembly may participate in the Program if the Bishop submits a plan described under paragraph (2) to the Council and the Council approves the plan.

(A) an identification of the region;

(B) held within that region; and
(C) open to any member of the Episcopal Church.

e) TERMINATION OF PROGRAM.— The authority to conduct the Program under this section shall terminate on February 15, 2022.

Sec. 2. Repeal of Program

(b) EFFECTIVE DATE.— This section shall take effect on February 15, 2022.

PART II

GENERAL TECHNICAL AND CONFORMING AMENDMENTS

Treasurer as a Voting Member of the Finance Committee

There is a conflict between two provisions in the Canons that need to be reconciled to be consistent with Diocesan practice. Section 1303 of the Canons provides that the Treasurer is an ex officio member of the Finance Committee without a vote. Section 2802(a)(2)(B) of the Canons provides that the Treasurer is a voting member of the Finance Committee. In Diocesan practice the Treasurer is a full member of the Finance Committee with vote. During the multi-year restatement process of the Canons the section 2802 provision was added to make the Canons consistent with the actual practice of the Diocese, but the conforming changes to section 1303 were not made.

The proposed technical and conforming amendment strikes subsection (a) of section 1303. Although that subsection being stricken also contains references to the Diocesan Council and the Committee on Investments of the Diocesan Council, the existing provisions in the Canons that establish the Diocesan Council and the Committee on Investments of the Diocesan Council address membership and voting of the Treasurer, respectively, ( i.e. section 2702(a)(2)(A)(iv) of the Canons provides that the Treasurer is a non-voting ex officio member of the Diocesan Council and section 2902(a) of the Canons provides that the Treasurer is a non-voting ex officio member of the Committee on Investments). The proposed amendment also provides technical redesignations and references.

Appendix II shows the strikes to the text of section 1303 of the Canons.
Discussion
There was no discussion. The Resolution on General Technical and Conforming Amendments passed by a show of hands.

Appendix II
Text of Canon Relating to Treasurer
Section 2306 of Canon 23

Sec. 1303. Duties
(a) Diocesan Council and Committee Membership. — The Treasurer shall be a member ex officio without vote of—
(1) the Diocesan Council;
(2) the Committee on Finance for the Diocesan Council; and
(3) the Committee on Investments for the Diocesan Council.

Correction of Omitted Word
Section 3504(b)(3) of the Canons omitted the word “mission” in error. The proposed amendment corrects the omission.

Appendix III shows the insertion in italics to the text of section 3504(b)(3) of the Canons.

Appendix III
Text of Canon Relating to “Mission”

(b) Notice. — Not later than 10 days before the first annual meeting, the Bishop shall provide notice of the date and place of that meeting to any individual who according to the records of the mission—
(1) is a communicant of this Church in good standing;
(2) is at least 15 years of age;
(3) has attended more than 1 service at the mission before the first annual meeting; and
(4) has contributed to the support of the mission before the first annual meeting

Therefore, the Committee on the Constitution and Canons moves—-
(1) the adoption of an amendment to the Canons relating to the Treasurer as a voting member of the Committee on Finance; and
(2) the adoption of an amendment to the Canons relating to a technical correction; With both taking effect on the day after the last day of the annual meeting of the Diocesan Convention in calendar year 2020 as follows:

Section 1303 of the Canons is amended by striking subsection (a) and redesignating subsections (b) through (e) as subsections (a) through (d), respectively.

Section 3504(b)(3) of the Canons is amended by inserting “mission” after “has attended more than 1 service at the”.
Petition for Merger of Patuxent Parish and William and Mary Parish

Mr. Roachford presented the report. Two resolutions were submitted in a timely fashion. Two parishes submitted a petition to the Convention on September 10, 2019, proposing to merge. Mr. van de Weert explained that such petitions must be approved by two successive Conventions. Therefore, if this Convention approved the merger, the parishes would begin negotiating the details of the merger. The petition appeared on pages 55 through 57 of the Convention booklet.

The Rev. Greg Syler, Rector of the Patuxent Parish (Church of the Ascension), described the history of the two parishes, noting that neither has managed to expand growth or keep up with demographic trends in their communities. For more than 10 years, the two parishes have been working toward a shared future. Over the past 3 years, they have shared clergy, administration, and governance, which has freed up some resources. Combining the two will result in a stronger parish with more resources to move swiftly into God’s preferred future, the Rev. Syler concluded.

The petition was approved by a show of hands.

Petition for Merger of Patuxent Parish (Church of The Ascension), Lexington Park, Maryland, and William & Mary Parish (St. George’s Church), Valley Lee, Maryland, to become Resurrection Parish (Ascension & St. George’s Churches)

The Rector, Wardens and Vestry of Patuxent Parish (Church of the Ascension), Lexington Park, Maryland (“Patuxent Parish”), and the Rector, Wardens and Vestry of William & Mary Parish (St. George’s Church), Valley Lee, Maryland (“William & Mary Parish”), do hereby petition the Convention of the Protestant Episcopal Church of the Diocese of Washington (the “Convention”), pursuant to Canon 34 of the Canons of the Convention and the Maryland Vestry Act, as follows:

1. That Patuxent Parish and William & Mary Parish be merged together to form Resurrection Parish;

2. That Resurrection Parish maintain two Parish Churches at which worship will be regularly held: Church of the Ascension, Lexington Park, Maryland, and St. George’s Church, Valley Lee, Maryland;

3. That the boundaries of Resurrection Parish be co-extensive with the existing boundaries of Patuxent Parish and William & Mary Parish, as described in and shown on the map enclosed as Exhibit A to this Petition; and

4. That the effectiveness of the merger occur on the last day of the annual meeting of the Convention at which this Petition is approved for the second time.

In support of this Petition, the Rector, Wardens and Vestry of both Patuxent Parish and William & Mary Parish provide the following additional information:

- Patuxent Parish and William & Mary Parish entered into a 3-year Covenant to share a common life in June 2016, and since that time have moved to share both
ministry and the supporting business functions that serve the ministry. The two parishes have had a common Rector since 2017.

- As Resurrection Parish, there will be increased efficiencies in having one governance and business structure.
- A merged Resurrection Parish will have sufficient financial resources to pay its operating expenses, contribute to the Diocese based on its normal operating budget, continue to develop sound stewardship practices, engage a priest to work an appropriate amount of time as agreed with the Bishop, and pay the salary, pension contribution and health insurance premiums of the priest as recommended by Diocesan guidelines.
- Patuxent Parish and William & Mary Parish have approved new bylaws that will become effective as the bylaws of Resurrection Parish upon the effectiveness of the merger. The bylaws provide provisions for the transition of existing Vestry terms and the schedule for annual meetings.
- Each step of the process leading to this Petition has been taken in consultation with, and with the support of, the Bishop and the Diocesan staff.

The Vestries of Patuxent Parish and William & Mary Parish approved the merger in March 2019, and authorized the submission of a Petition for Merger pursuant to Canon 34 and the Maryland Vestry Act.

Respectfully submitted.

Explanation:
The congregations and faith communities of the Episcopal Diocese of Washington are, for the most part, planted in growing and demographically changing landscapes. Many congregations are experiencing membership decline and some degree of anxiety around ministry and property. Consequently, many congregations have developed unsustainable business models or practices that hinder ministry. Some of these practices include:

(i) inability to support clergy staff at approved diocesan minimum standards

(ii) inability to support minimum programming for mission and ministry

(iii) inability adequately to insure and maintain parish property

(iv) failure to support any giving, tithe, or assessment to the Diocese
Part II: Annual Convention Proceedings

(v) failure to observe the Constitution and Canons of The Episcopal Church and of the Diocese, and that such condition is not of a temporary nature.

Largely unsustainable business models are becoming the norm in many congregations. Therefore, many congregations are facing the imminent loss of their ability to operate and, even worse, their capacity to grow Christian disciples, and positively impact their immediate communities.

The Episcopal Diocese of Washington in 2019 has authorized a strategic plan which is designed to steward our resources in order to deepen Christian discipleship and grow our collective witness in Christ. This Resolution seeks clearer standards for all congregations of the Diocese to help advance the mission and ministry of the church. Of equal import, over time various Diocesan bodies have considered the expectation that Parishes contribute to the common life of the Diocese including through financial contributions. Although congregational giving remains voluntary, current Canons consider a tithe (10 percent) of a Parish’s operating budget to be the normative standard of giving.

Therefore, this Resolution asks the Committee to take those steps necessary to clarify standards for meaningful participation in the organized life of the Episcopal Diocese of Washington. Many dioceses in The Episcopal Church have Canons that allow for congregations to be designated as parishes, missions, aided parishes, or separate congregations. The designations may be temporary or permanent, and most dioceses which have said Canons use them in such a way that is collaborative and directed toward the comprehensive good of the Body of Christ. The lack of such Canons in our Diocese limits the opportunities for the Diocese to reasonably assist or advise our Vestries, and lay and clergy leaders.

**Discussion**

The Rev. Syler, a sponsor of the resolution, emphasized that the goal is to create a committee, drawing from lay and clerical members, to help develop tools, create standards, and align resources so that the community can move forward. If the Convention approved the resolution, more details would be fleshed out and presented to a later Convention for approval. The Rev. Syler did not anticipate that the resolution, if approved, would have negative implications for the Diocesan budget. He moved for approval of the resolution and received a second from the floor.

Ms. Debra Sonderman, St. Monica and St. James’, DC, proposed a friendly amendment to revise the title of the proposed committee to the Advisory Committee on Diocesan Stewardship and Parish Vitality. The Rev. Syler accepted the amendment, and the change was approved.

Mr. Carl Horn, Trinity, Upper Marlboro, MD, supported the resolution. He noted that the resolution refers to “financial and economic factors” affecting parishes’ ability to perform their mission. Mr. Horn said there is sufficient money in the area, and the barriers to church attendance are not economic but rather secular. He added that the statement in the explanation that “many congregations have developed unsustainable business models or practices that hinder ministry” casts a negative light.
Horn Amendment to the Resolution on a Committee for Diocesan Stewardship and Parish Vitality: Address Secular Causes Rather Than Economic Factors or Business Practices

The Committee shall conduct a study of—

1. The standards that constitute a viable entity in the Diocese as a parish, separate congregation, or organized mission;

2. the standards and processes that should be applied to a parish or separate congregation within the Diocese that would alter the organizational identity and status of that parish or separate congregation, due to financial and economic factors inhibiting and preventing or restricting that parish or separate congregation from performing its mission and meeting its obligations as a parish or separate congregation under the Canons of the General Convention and the Canons of this Diocese;

3. the role of the Diocese in providing support and exercising authority in connection with the circumstances described under paragraph (2) affecting a parish, separate congregation, or organized mission in the Diocese;

4. the potential implications of applicable Federal and State law;

5. the standards and processes that are applied in other dioceses;

6. (6) the effect of any material and continued failure to comply with canonical requirements by a parish, separate congregation, or organized mission; and

7. (7) any other matter that the Committee determines is relevant to the study of the matters under paragraphs (1) through (6).

The amendment was approved by a show of hands.

Discussion

The Rev. Christian Lehrer, St. Paul’s, Baden, MD, said that in California, clear guidelines helped parishes work more closely with the Diocese. He strongly supported the resolution.

The Rev. Michelle Morgan, St. Mark’s, DC, proposed a friendly amendment that the resolution include that the Standing Committee advise the Bishop on the selection of members to the new committee. The Rev. Syler agreed to the revision. The phrase “with the advice of the Standing Committee” was added to line 6 of the resolution.

The Rev. Peter Jarrett-Schell, Calvary, DC, proposed that the Resolution be amended to require the membership to ensure racial/ethnic diversity and geographic representation in the membership of the proposed committee. For the Committee to succeed and for the Diocese to be accountable, the Committee should represent the distinct needs of its various congregations, said the Rev. Jarrett-Schell. The proposed requirements would be a minimum and represent three existing institutions within the Dio-cese. Ms. Sonderman recommended that the wording better clarify that the Committee will have at least one member from each region of the Diocese, and The Rt. Rev. Budde agreed.
Jarrett-Schell Amendment to the Resolution on a Committee for Diocesan Stewardship and Parish Vitality: Require Racial/Ethnic Diversity and Geographic Representation on the Committee

The Committee shall conduct a study of—

1. 5 shall be clerical members of the Convention;
2. 5 shall be lay communicants of this Diocese in good standing; and
3. 1 shall be either a clerical member of the Convention or a lay communicant of this Diocese in good standing.
4. Among those members listed in paragraphs (1) – (3), at least one shall be a member of a Latino congregation of the Diocese
5. Among those members listed in paragraphs (1) – (3), at least one shall be a member of a Majority African American congregation of the Diocese
6. Among those members listed in paragraphs (1) – (3), at least one shall be at least one member from each region of the Diocese.

The amendment was approved by a show of hands.

Discussion

Mr. Nicholas proposed that the Treasurer of the Convention be included as an ex officio member of the proposed committee.

Nicholas Amendment to the Resolution on a Committee for Diocesan Stewardship and Parish Vitality: Add the Treasurer as an Ex Officio Member

The Committee shall conduct a study of—

(b) EX OFFICIO MEMBERS.— The Chancellor of the Diocese, Treasurer of Convention, and the Chief Operating Officer shall serve as ex officio members of the Committee without vote.

The amendment was approved by a show of hands.

Discussion

The Rev. Steven Seely, St. Paul’s, Piney, offered a friendly amendment proposing that the language regarding vacancies should be changed from “If a position on the Committee is vacant or a member of the Committee is disabled” to “If a position on the Committee is vacant or a member of the Committee becomes unable to serve....” The Rt. Rev. Budde agreed to make the change.

The Resolution on a Committee for Diocesan Stewardship and Parish Vitality as amended was approved by a show of hands.

Report of the Tellers on the Second Ballot

Ms. Dillard reported the results of the second round of balloting for Diocesan offices. A tabulation of the results can be found in the section of this Journal titled “Report of the Tellers.”

Ms. Dillard announced that a third ballot would be needed to elect a second clerical member of the Standing Committee.
The Rev. Dr. Lamming announced her withdrawal from the election to avoid a third ballot. Nathan Brown, St. Paul’s, DC, moved to suspend the rules of order and elect the top two candidates, and a second was received from the floor. Mr. van der Weert said a two-thirds majority was needed to pass the motion, which would elect the Rev. Harmon as the second clerical member of the Standing Committee.

The motion passed by a show of hands.

**Setting of the Date and Place of the 2021 Convention**

Mr. Roachford moved that the One Hundred Twenty-Sixth Annual Meeting of the Convention of the Diocese of Washington be held at the Cathedral Church of St. Peter and St. Paul on Saturday, January 30, 2021.

**Other Business**

In addition to giving consent for all bishops elected in the Episcopal Church, recommending persons for ordination, offering advice and consent as to any judicial sentence given to a clergyperson or concurring to allow a clergyperson to cease functioning as a member of the clergy, and giving the bishop advice and consent on the purchase, sale, or encumbrance of any property held by a congregation or the diocese, the Standing Committee functions as the Bishop’s Council of Advice, a role stipulated in the Constitution of the General Convention, Article IV. During this year, the Standing Committee worked closely with Bishop Mariann Budde, Bishop Diocesan of Washington, and we commend her for her leadership in the diocese and The Episcopal Church as well as her forthright and clear communication with the Standing Committee.

In July, the Diocesan Council and Standing Committee met to review the Bishop’s proposed strategic plan’s mission statement, vision statements, and top 3 strategic priorities for 2020.

In October, the Diocesan Council and Standing Committee met to review and approve the Bishop’s final version of the proposed strategic plan’s mission statement, vision statements, and top 3 strategic priorities for 2020. Also, the Bishop presented and received approval for staff realignments at Church House.

Much of the Standing Committee’s work over the course of the year was spent interviewing Postulants who were being presented for ordination to the diaconate and priesthood. The Standing Committee was also kept apprised of progress on the Bishop’s strategic plan and staffing realignments that will help facilitate its implementation. The Standing Committee was grateful for the leadership of previous Standing Committees, the Commission on Ministry, and the Church House staff in helping bring about these potentially positive developments.
REPORT OF THE FINANCE COMMITTEE
FEBRUARY 2019 — JANUARY 2020

The Finance Committee is a regular standing committee of the Diocesan Council. It consists of twelve members appointed by the Bishop with the consent of the Council, plus the Bishop and Treasurer as *ex officio* members. The Committee normally meets monthly, with special meetings called as needed.

Pursuant to Canon 28, the Committee oversees preparation of the Diocesan budget and monitors its implementation. The Committee works closely with Diocesan staff throughout the budget cycle and reports to the Council on budget performance. The Committee additionally reviews parish requests for approval of encumbrance or sale of parish real property. The Committee reviews such requests in consultation with the requesting parish and makes recommendations to the Standing Committee, which along with the Bishop has final authority to approve or deny the requests. The Committee also has responsibility to review any parish requests for a loan from the Diocese.

The Committee reviews and advises on other significant financial matters affecting parishes, and Committee members work with individual parishes facing issues dealing with budgeting, cash management, property development, and financial controls, as requested. Pursuant to a Council resolution, two members of the Diocesan Finance Committee serve alongside two members of the Bishop Walker School Finance Committee as a BWS Joint Oversight Committee, with responsibility for monitoring BWS budget development and financial operations.

**DURING 2019, THE FINANCE COMMITTEE COMPLETED THE FOLLOWING ACTIONS:**

**Recommendations to the Standing Committee:**

Christ Church, Durham: recommended approval of sale of an unusable parcel of land to the state of Maryland.

Trinity, Upper Marlboro: recommended approval of sale of parish rectory.

**Recommendations to the Diocesan Council:**

Grace Episcopal Day School: recommended that the Diocese extend a $50,000 loan for a six month period to GEDS; following repayment of the loan recommended reissuance for an additional six month period.

Diocesan Budget: assisted in preparation and review of the 2020 Diocesan budget with recommendation for Council approval; presented the approved budget to the 2020 Convention for adoption.

Report of the Diocesan Council
February 2019 – January 2020

Section 2708 of the Canons of the Diocese of Washington provides that the Diocesan Council is the executive committee of the Convention for business purposes when the Convention is not in session. The Council is responsible for the coordination, development, and implementation of the ministry and mission of the Diocese. During 2019 the Council met every month except February and August.

January: Council received an update on Washington National Cathedral’s Strategic Plan from Dean Randy Hollerith. The Strategic Plan focuses on the questions “Who We Are” and “What We Do.” Dean Hollerith highlighted the Serving Goal of the Strategic Plan document and stated that the first primary goal of Serving is developing partnerships across EDOW, the wider church and the nation. Dean Hollerith noted the recent hire of the Rev. Leonard L. Hamlin, Sr., to serve as the Canon Missioner whose primary work is to make the connections between the parishes and the Cathedral as well as the city and the Cathedral.

Upon recommendation from the Congregational Growth Grants Committee, Council approved a grant of $18,000 to one parish in the Diocese.

Council approved the charter of the Financial Resources Committee. Seven people would serve as members of the Financial Resources Committee, which would be a standing committee of the Diocese such as other existing standing committees of the Diocese.

Bishop Mariann led Council in a discussion about a Strategic Planning Proposal from the Unstuck Church Group and how to move forward with the strategic planning process. The first step in the Strategic Planning process would be to have regional discovery sessions to get feedback on regional strategic planning resources. This would be followed by a 2-day retreat as an overall strategic planning team that would involve members of the staff and key leaders from the Dioceses. This would be a small group that would take insights from the discovery phase and spend time to develop beginning language of core values. After a full discussion, Council empowered the Bishop to begin negotiation with the Unstuck Church Group and commit up to $65,000 for the strategic planning process.

March: Council reviewed the proposed norms, responsibilities and goals for its work. At the suggestion of the Treasurer, Council agreed to include monitoring the 2019 budget as well as oversight of the 2020 budget with assistance from the Finance Committee.

Council received an update of the first discovery session that would be taking place as part of the Strategic Planning Process. Discovery sessions will be held regionally, intentionally intermingling parishes. One of the key goals of the discovery session is to develop leadership within the regions and encourage collaboration.

Council heard a report on Young Adult Ministry from the Canon for Evangelism. Young adults from around the Diocese have expressed the need to find peers with the Church tradition. Young adults have expressed concern about financial debt, sexual ethics, and money as theological issues, and they want to attend worship at times that work for them and their friends.
The Council approved a bridge loan for a parish day school within the Diocese.

April: Council received a report on the Bishop Walker School from the Chair of the Board and Board Treasurer. The Board presented a balanced budget with conservative assumptions on revenue and expenses. The budget also allows for an increase in program and development.

Bishop Mariann presented an update on the Strategic Planning discovery sessions, noting a high level of engagement at all of the sessions. Following the conclusion of the discovery sessions, there would be a two-day retreat which would produce three overarching goals for the Diocese. The goals would then be “tested” in the different regions of the Diocese before a vision for the Diocese’s next 3-5 years is developed.

The Bishop also reported that the Southern Africa Link Committee, the Ecumencial and Interreligious Committee and the Jerusalem Partnership Committee were being sunset.

Council approved a Charter for the Race and Social Justice Committee.

Council also received an update on the Congregational Growth Grants Committee and Young Adult Ministry from the Canon for Evangelism.

May: The Council received a report on diocesan staffing, following the resignation of the Canon for Evangelism. Bishop Mariann explained how the portfolio of responsibilities previously held by the Canon for Evangelism would be handled going forward.

The Council also received an update on the Strategic Planning process and the upcoming planning retreat, which would involve 14 regional leaders from around the Diocese as well as the Strategic Planning team from diocesan staff. The purpose of the retreat is to draft a preliminary vision, mission and operational goals for the Diocese.

Council heard a report from the Archdeacon on the ministry of deacons throughout the Diocese. There are twenty active deacons serving twenty-seven congregations. Nineteen people are in the local discernment phase, five of whom are Spanish speakers. The Archdeacon also highlighted the work of deacons taking place around the Diocese.

The Congregational Growth Grants Committee presented the Spring applications. Council approved grants for seven congregations and declined to decide on four other applications until further information was submitted.

June: Council received an update on diocesan staffing. Because of the Bishop’s recent schedule, her annual evaluation would be postponed until July. Don Crane agreed to remain on staff as Chief Operating Officer until June, 2020. The Rev. Todd Thomas was invited to serve the Diocese as Interim Young Adult Missioner.

Council also heard an update on the Strategic Planning Process. The planning retreat was upcoming with 16 clergy and lay leaders from around the Diocese joining with diocesan staff and Tony Morgan from the Unstuck Group.

Bishop Mariann reported that the Presiding Bishop would be with the Diocese for Convention and, as part of Convention weekend, the Diocese would host a revival service with the Presiding Bishop preaching.

Council heard from the diocesan Latino Missioner about the seven Latino congregations in the Diocese. There have been tremendous levels of growth in the Latino congregations,
including increased collaborations between the communities and greater involvement in
governance of the Diocese. Four of the seven congregations are no longer financially
dependent on the Diocese and the other three are moving towards self-sufficiency.

Council approved Charters for the South Africa and Holy Land Committees.

Council approved a loan renewal for one of the parish day schools in the Diocese.

July: Council received an update on the Strategic Plan, including concepts of the vision,
mission statements and first-year priorities crafted at June’s strategic planning retreat
with Diocesan staff and regional leaders. The update received enthusiastic support from
Council and engendered discussion around articulation of a vision for the Diocese.

Bishop Mariann reviewed the results of her annual evaluation, including goals set
at her last evaluation. Council expressed gratitude for the Bishop’s leadership. Areas
of attention noted were the need for follow-ups following Sunday visitations and the
turnover rate at Church House with its impact on diocesan and Church House morale.

Council heard an update from the Congregational Growth Grants Committee about
applications that were deferred from May applications. Council approved one application.

Council received a report on the planned merger of St. George’s and Ascension’s parishes.
Council expressed its unanimous commendation and support for the leadership at both
parishes in their plans for merging.

Council received an update on the planned revival service scheduled for the weekend of
Diocesan Convention, and Council authorized diocesan staff to sign contracts securing
space and resources for the revival.

September: Council heard a presentation by the leaders from St. George’s and Ascension
parishes on their plans for merging. Council approved the merger, with a commendation
as to the importance of the accomplishment.

Council received a report from the Congregational Growth Grants Committee that
included a historical assessment of past growth grants and the difficulties in achieving
results, including in multi-congregational efforts. The Growth Grants Committee also
noted the need for a more structured approach to communications, including reports on
usage, availability of grants and profiles of grants approved.

Council heard an update on the Strategic Plan, including the Mission Statement,
Vision 2025 Statement, and the twelve-month priorities to be implemented in 90-
day increments. The Bishop discussed diocesan staffing to support the Strategic Plan,
including leadership positions in each region, and the Chief Operating Officer reviewed
additional components to the 2020 budget as a result of the Strategic Plan, including
the addition of a new senior staff member to oversee the regional Deans and finances of
the Diocese.

Council received a report on the Revival Weekend to coincide with Convention. The
revival would take place at the Entertainment and Sports Complex in Southeast, DC.
There are five planning teams organizing the event. The Presiding Bishop will be in
the Diocese the entire weekend. Council expressed its support for the revival theme of
“More Jesus, More Love.”
October: A joint meeting was held with the Standing Committee of the Diocese. Council and Standing Committee heard a review of the Strategic Planning process that led to the Mission, Vision, and strategic objectives. The Bishop asked both leadership bodies to endorse the plan and for Council to approve funding, which was presented as part of the 2020 budget. Both Committees split into small groups to discuss two questions: What about the plan excites you? What about the plan concerns you? After the small groups sessions, Council and Standing Committee expressed their enthusiasm while acknowledging the level of work needed for implementation. The Standing Committee approved the Strategic Plan. Council approved the Strategic Plan and funding.

Council received a report that Holy Trinity parish had tentatively voted to close.

November: Council received a report from the Director of Leadership Development and Congregational Care on his work with the Commission on Ministry and caring for congregations. The Diocese currently has 15 individuals in different stages of formation in preparation for ordination to the priesthood. The Director also works with congregations, providing conflict resolution and leading retreats.

The Bishop then offered her report, which included updates on diocesan staffing and emphasized the importance of the School for Christian Faith and Leadership, the establishment of which is one of the first-year priorities of the Strategic Plan. Additionally, the Bishop spoke about the revival weekend taking place in January and working with parishes on marketing the revival to parishioners and other constituencies throughout the Diocese.

Council received a report from the Restorative Justice Task Force, which is developing plans for a study to document the legacy of slavery and its continuing impact. Council endorsed the work of the Task Force and approved their moving forward with the next steps toward a study, with approval for funding to come at the appropriate time.

The Congregational Growth Grants Committee presented their recommendations on the applications which came in during the fall. Upon those recommendations, Council approved the grants for seven congregations. Two grants were deferred until further information and clarification could be provided.

December: Council viewed videos of the Bishop’s pre-convention address and the budget presentation by the Chair of the Finance Committee. Council responded positively to both videos, though expressed some concern about the amount of information included in each.

Council heard from the Congregational Growth Grants Committee regarding one application that had been deferred from November. Based upon the Committee’s recommendation, Council approved the grant.

Council received an update on the Revival weekend coinciding with the Presiding Bishop’s visit to the Diocese. In addition to a Young Adult gathering on Friday night and preaching at both Diocesan Convention and the Revival, the Presiding Bishop would visit with youth at the Bishop Walker School.

Bishop Mariann provided Council with an update on staffing changes to assist with the implementation of the Strategic Plan. Interviews were being conducted for the positions
Council heard a report from the Reparations Task Force. The Task Force had identified a Smithsonian historian who specialized in research on the connection between church and slavery. Given the time required for doing in-depth research and the paucity of parish files on the subject, the Task Force felt the research was not a volunteer project but needed a professional historian. The Task Force had applied to the Episcopal Church for a grant.

**REPORT OF THE HISTORIOGRAPHER**

During 2019 many different researchers contacted the Archives for assistance with topics such as parish boundaries, wording of previous Diocesan Convention resolutions, pence cans, as well as the usual questions about genealogy, baptisms, and confirmations. As a new feature, there were occasional contributions to the Diocesan Bulletin on various themes like church summer camps, adult education, and baseball. The Historiographer also discussed the possibility of a Diocesan photo archive with Diocesan Communications Manager and Information Technology Director. Processing boxes of records is an ongoing project, as well. Finishing a five year term as President of the National Episcopal Historians and Archivists, the Historiographer attended the TriHistory Conference of Episcopal historical organizations (NEHA, the Episcopal Women’s History Project, the Historical Society of the Episcopal Church) in Toronto, Canada.

The Historiographer wishes to express her thanks to Head Archivist Diane Ney, and to the following persons who served as volunteers in the Archives during the past year: Bonnie Barnes, David Bender, Nan Bennett, Beverly Brown, Marc Fetterman and Cissy Newbil, Elody Crimi, Philip Ellis, Andrew Hasselman, Toni Miller, Janet Owen, Gretchen Theobald, Rex Tomb and Linda Wirth. New volunteers are always welcome to apply to join the continuing preservation of Diocesan materials in the Archives. The Diocesan Archives are open Monday through Friday from 10 a.m. until 2 p.m. on the fourth floor of the Cathedral Administration building. **REPORT OF THE CONGREGATIONAL GROWTH GRANT COMMITTEE**

Congregational Growth Grants are intended to provide funds for initiatives that foster revitalization and growth of our congregations and create fresh expressions of Episcopal worshipping communities through collaborative models of ministry.

During calendar year 2019, the committee completed two grant cycles, in the spring and in the fall, disbursing a total of $162,710 in grants. These grants were a broad range of projects from developing an Unstuck Church strategic plan to adding an evening coffee shop to introduce new people to the church; from engaging office workers in downtown DC to revamping services and music to respond to the newly discovered demographics of Regional Dean. There will be 10 Deans covering the 8 regions, with both Southern Maryland and Central DC each having two Deans.
around the church building. It was an exciting time as the committee heard the hopes and dreams of parishes desiring to reach out to their neighborhood and grow.

The members of the committee include Leza Boodie, Paul Brewster, Charles Day, Patricia Dorn, The Rev. Linda Kaufman (Chair), Franklin Lemus, Catherine Manhardt, Maureen Shea, and William Stafford-Whittaker. Mildred Reyes serves as diocesan staff liaison, who handles all logistics and many of the administrative tasks of the committee.

During the course of the year, it became apparent to the committee that it was time to develop a more structured and complete plan for the disbursement of grants. Ms. Reyes worked to procure a more robust software program for tracking and disbursing funds and tracking fund use and outcomes. During late fall of 2019, the committee developed a more detailed schedule and expectations for the grant process from advertising, application, decisions, and presenting requests at Council to disbursement of grants which we look forward to implementing in the coming cycles.

The committee realized that we were in a unique place to support parishes to move toward being more stable and robust. Because of this, the committee required one parish to develop a strategic plan with the support of the Unstuck Church group. We expect to see parishes which may be asked to consider a different plan of growth than they proposed. In keeping with that, Ms. Reyes and Ms. Kaufman have been invited to participate in a newly formed group to track and support the financial challenges of parishes: The Joint Financial Committees. Suggestions and feedback will flow from the financial committees to the Congregational Growth Grant committee and vice versa.

REPORT OF THE DIOCESAN HUNGER FUND COMMITTEE

The Diocesan Hunger Fund Committee oversees the disbursement of grants from the Diocesan Hunger Fund. Specifically, grants are provided to programs that feed those faced with hunger and malnutrition in the Diocese of Washington.

2019 GRANTS

In 2019 grants ranging from $2,000 to $5,000 were awarded to the following 8 programs and organizations.

Loaves and Fishes, St. Stephen & the Incarnation, DC... $5,000.00
Nourish Now................................................. $4,000.00
Reaching the World Community Development, DC ... $2,000.00
Shepherd’s Table, MD....................................... $4,000.00
St. Andrews, MD............................................. $4,000.00
Thrive, DC....................................................... $5,000.00
Trinity, DC..................................................... $4,000.00
We Are Family Senior Outreach, MD................. $2,000.00

Total Grants................................................ $29,000.00

This figure represents a decrease of $6,500 over the grants made in 2017 to 11 organizations. While we are pleased to have been able to provide support to these organizations, the continuing decrease in funding provided to the community, which was due to a decrease in funds, is of significant concern to the committee.

2019 COMMITTEE MEMBERS

Committee members continuing to serve in 2019 were Ms. Michele Craig, Mr. William MacKaye, Ms. Lee Mericle (chair), and Mr. Keith D. Powell. Members Ms. Susan Dolan, Ms. Millie Hamman, the Rev. Eric Shoemaker, and Ms. Joyce Walker retired from the committee at various times in 2019, due to relocation (to warmer climates) or other commitments. The Committee is thrilled to welcome Ms. Patrice Rohde as its newest member in 2019.

2019 FUNDRAISING

The 39th annual Walks for the Hungry, scheduled for Sunday, October 20 were rained out. The Southern Maryland Walk was rescheduled to Saturday, October 26, and was held at Serenity Farm in Benedict, Maryland, featuring an opportunity for a hayride and a petting zoo. Many thanks go to Christ Church, Port Tobacco and Christ Church, Old Durham for putting the walk together and getting folks out to participate.

The metro area walk that was scheduled to be held on the Cathedral grounds could not be postponed, although a few gallant souls showed up to check in or bring contributions already gathered from their churches. Thanks go again Christ Church, Rockville for organizing, St. George’s for sending their contributions along in person, and a few hardy souls from St. Mark’s, Fairland who were willing to walk (not necessarily singing) in the rain (although that idea was nixed in favor of retreating for an afternoon meal).

Despite the weather the Fund received slightly over $5,200 from the Walk, just $200 down from 2018 which was gratifying. The Committee is grateful to Christ Church, Rockville, Christ Church, Port Tobacco, and Christ Church, Durham Parish for all their hard work and to all walkers and other contributors. Other parishes that participated...
or contributed were St. George’s, DC, St. Mary Magdalene, Silver Spring, St. Mark’s, Fairland, St. Michael and All Angels, Adelphi, and Christ Church, Chaptico.

**Plans for 2020**

The Walks have been part of our continuing efforts to make all members of the Diocese aware of the ever-increasing gap between the Fund’s resources and the requests of organizations that desperately need our help in their work to feed the hungry. The Committee is discussing alternatives to the Walks, that may be tailored to a regional or individual church-led activities. That aren’t necessarily affected by rain.

The Committee is thrilled to have been given the opportunity to sponsor the food drive for the 2020 Convention, and to use that to raise awareness of the problem and what the Fund can do to help.

The dwindling membership of the Committee makes recruiting new folks to participate, as committee members and/or as helpers with social media a pressing issue. The Committee is hoping to work within the regional structure to accomplish this.

We ask for your prayers and support, especially so that we may increase the level of support we provide in 2020.

Ms. Lee Mericle, Chair

**Report of the Commission on Ministry**

Under Canon III of the Canons of the Episcopal Church, each Diocese is required to provide for “the affirmation and development of the ministry of all baptized persons…” In the Episcopal Diocese of Washington (EDOW) the Commission on Ministry (COM) exists to assist the Bishop in this work. The Bishop appoints members to the COM, with the consent of Diocesan Convention. The COM convenes to oversee the diaconal and priestly ordination processes and advises the Bishop on EDOW ministry initiatives including the School for Christian Faith and Leadership and the Latino Deacon’s School in 2020.

The COM is presently comprised of eleven members including four laypersons, one deacon, and six priests. Additionally, the Rev. Dr. Robert Phillips, Canon for Leadership Development and Congregational Care, and the Rev. Sue Von Rautenkranz, Archdeacon and Diocesan Liturgist attend COM meetings regularly. Ms. Mildred Reyes, Missioner for Formation and Diocesan Initiatives, consults with the COM as needed.

In 2020 the COM bid farewell to the Rev. Dr. Kurt Gerhard, Mr. Gerry Perez, and the Rev. Amanda Akes-Cardwell after serving three or six years on the COM. The COM is grateful for their dedication and commitment to serving those called to serve in EDOW. A special thank you to the Rev. Dr. Gerhard and Mr. Perez who both offered their gifts for leadership as chair of the COM during their tenures on the COM. The COM welcomed the Rev. Patricia Alexander, the Rev. Debbie Kirk, and Mr. Michael Sherman to three year terms on the COM.

Sub-committees support and generate much of the COMs work: three working on the priesthood discernment and formation process and three working on the diaconal discernment and formation process. As needed additional sub-committees may be raised to support the School for Christian Faith and Leadership and the Latino Deacon’s
School. Each COM member serves on at least one team/sub-committee; over thirty, non-COM members, serve on these teams, as well.

The COM convenes monthly, via Zoom since March 2020, to complete the business required to keep discernment processes moving on track. Additionally, the COM is working to incorporate learning from EDOW’s strategic planning process into our engagement with those discerning a call to ministry. The COM seeks to have representation at the ordinations of those we have walked alongside in discernment. We remain grateful to serve the Episcopal Church and EDOW in this capacity!

The Rev. Sarah D. Odderstol, Chair

**Report of the St. Mary’s County Scholarship Committee**

(Scholarships for minority students residing in St. Mary’s County, MD)

The St. Mary’s Scholarship Committee held its annual meeting on 3/28/2019 in Saint Mary’s City and were offered the use one of the University’s conference rooms. We interviewed 29 applicants, in addition to reviewing 6 current recipients who reapplied. This year we again had excellent candidates and were most impressed with their maturity, excellent grades and extracurricular and community involvements. We were able to allocate $10,000 to 16 applicants. These scholarship recipients plan to attend New York University; Morgan State University; West Virginia University; University of Pittsburgh; Stevenson University; Columbia University; Old Dominion; Shenandoah Conservatory; Bowie State; St. Mary’s College and the College of Southern Maryland.

The Committee continues to work through the common application of the Business, Education, Community Alliance of St. Mary’s County (BECA) and it enables us to reach further into the community of St. Mary’s County and increase our pool of applicants. The Committee feels rewarded in our belief that we are making a difference for some of St. Mary’s County minority students in achieving their goal of a college education.

REPORT OF INDEPENDENT AUDITORS

Diocesan Council of the
Convention of the Protestant Episcopal Church
of the Diocese of Washington
Washington, DC

We have audited the accompanying financial statements of the Convention of the Protestant Episcopal Church of the Diocese of Washington (the Diocese), which comprise the statements of financial position as of December 31, 2019 and 2018, the related statement of activities for the year ended December 31, 2019, the statements of functional expenses and cash flows for the years ended December 31, 2019 and 2018, and the related notes to the financial statements.

MANAGEMENT’S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR’S RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Convention of the Protestant Episcopal Church of the Diocese of Washington as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We previously audited the Diocese’s 2018 financial statements and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 2, 2019. In our opinion, the summarized comparative information presented in the statement of activities for the year ending December 31, 2018 is consistent, in all material respects, with the audited financial statements from which it had been derived.

PART II: ANNUAL CONVENTION PROCEEDINGS

THE CONVENTION OF THE PROTESTANT EPISCOPAL CHURCH
OF THE DIOCESE OF WASHINGTON

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1 – ORGANIZATION

The Convention of the Protestant Episcopal Church of the Diocese of Washington (the Diocese) is an organization comprising member parishes and missions located in the District of Columbia, Charles, Montgomery, Prince George’s and Saint Mary’s counties in Maryland. The primary purposes of the Diocese are governance of the Diocese through the Bishop and the Diocesan Convention; programs dedicated to activities of the General Convention of the Episcopal Church; mission and evangelism work in the Diocese; and congregational ministry.

The Diocese is a not for profit, religious organization and is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. There are no uncertain tax positions for the years ended December 31, 2019 and 2018. The Diocese is not required to file an information return with the Internal Revenue Service.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accounts of the Diocese are maintained on an accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP). The accounts are segregated by separate funds established in accordance with specified activities, purposes or restrictions.

RECENT ACCOUNTING PRONOUNCEMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 606, Revenue from Contracts with Customers, as amended, supersedes or replaces nearly all GAAP revenue recognition guidance. This standard establishes a new contract and control based revenue recognition model, changes the basis for deciding when revenue is recognized over time or at a point in time, and expands disclosures about revenue. The Diocese has implemented Accounting Standards Update (ASU) 2014 09 and its related amendments and has adjusted the presentation in these financial statements accordingly. The ASU has been applied using a modified retrospective approach to the year ended December 31, 2019 with no effect on net assets.

In June 2018, the FASB issued ASU 2018 08, Clarifying the Scope and Accounting for Contributions Received and Contributions Made (Topic 958) (ASU 2018 08). The core principle of ASU 2018 08 is to clarify when the transfer of an asset or the extinguishment of a liability (the transaction) meets the definition of an exchange transaction or a contribution. When the transaction is an exchange transaction, an entity must apply Topic 606, Revenue from Contracts with Customers or other applicable Topics. When the transaction is a contribution, the ASU clarifies when revenue should be recognized. The Diocese adopted ASU 2018 08 as of January 1, 2019, using the modified retrospective method. There was no change to opening net assets as of January 1, 2019 as a result of the adoption of this standard.

(Audit Page 7)
Note 2 – Summary of Significant Accounting Policies (Continued)

Estimates
The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and amounts of revenues and expenses reflected during the reporting period. Actual results could differ from those estimates.

Risk and Uncertainties
The Diocese invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of the risk associated with certain investments securities, it is possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported on the statements of financial position.

Comparative Financial Information
The statement of activities includes summarized prior year information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Diocese’s audited financial statements for the year ended December 31, 2018, from which the summarized information was derived.

Subsequent Events
The Diocese has evaluated subsequent events for disclosure and recognition through September 24, 2020, the date on which these financial statements were available to be issued. All material subsequent events have been disclosed as of that date. See more information in Note 15.

Net Assets
Net assets, revenues, gains and losses are classified based on the existence or absence of donor imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net assets with donor restrictions – Net assets subject to donor imposed restrictions. Some donor imposed restrictions are temporary in nature, such as those that will be met by the fulfillment of a donor specified purpose or the passage of time. Other donor imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor imposed restrictions are released when a restriction expires, that is, when the stipulated purpose for which the resource was restricted has been fulfilled, when the stipulated time has elapsed, or both.
Note 2 – Summary of Significant Accounting Policies (Continued)

**Cash and Cash Equivalents**

The Federal Deposit Insurance Corporation (FDIC) insures amounts on deposit with each financial institution up to limits as prescribed by law. The Diocese considers all highly liquid debt instruments with an initial maturity of 90 days or less to be cash equivalents. The Diocese may hold funds with financial institutions in excess of the FDIC insured amount; however, the Diocese has not experienced any losses in such accounts and management believes it is not exposed to any significant credit risk on cash and cash equivalents.

**Investments and Measurement of Fair Value**

The Investment Fund is a vehicle for long term investment of restricted and non-restricted funds of the Diocese and funds of certain parishes, separate congregations, and missions of the Diocese. Income distributions to the Diocese are included as additions to the appropriate fund.

The Diocese invests in mutual funds and equities, which are recorded at fair value. Investment income or losses, net are reported as operating activities, while the current year changes in fair value of investments (realized and unrealized gains and losses) are reported as non-operating activities. The Diocese recognizes transfers between levels of the GAAP fair value hierarchy at the end of the reporting period in which circumstances occur causing changes in the availability of inputs to the fair value methodology.

The Diocese's classifications for investments are based on the GAAP fair value measurement standard, which established a three level hierarchy framework. The framework is based on the inputs used in valuation and requires that observable inputs be used in the valuations when available. The disclosure of fair value estimates in the fair value guidance includes a hierarchy based on whether significant valuation inputs are observable. In determining the level of hierarchy in which the estimate is disclosed, the highest priority is given to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs that reflect the Diocese's significant market assumptions.

The three levels of the fair value hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities traded in active markets, to which the Diocese has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted market prices that are observable for the assets or liabilities for substantially the entire period, and market corroborated inputs.
Level 3 – Inputs to valuation methodology are unobservable and are significant to the fair value measurement.

Fair values are based on quoted market prices when available (Level 1). The Diocese receives the quoted market prices from third party nationally recognized pricing services. When market prices are not available, the Diocese utilizes a pricing service to determine an estimate of fair value, which is mainly used for fixed maturity investments. The fair value is generally estimated using current market inputs for similar financial investments with comparable terms and credit quality, commonly referred to as matrix pricing (Level 2). In instances where there is little or no market activity for the same or similar instruments, the Diocese estimates fair value using methods, models and assumptions that management believes are relevant to the particular asset or liability. This may include discounted cash flow analysis or other income based approaches (Level 3). These valuation techniques involve some level of management estimation and judgment.

**Funds Invested By Parishes**

The Diocese invests funds on behalf of the parishes. These funds recorded as both an asset and a liability for the years ended December 31, 2019 and 2018. The fund are included in the investments, fair value asset and classified as a funds invested by parishes liability in the statements of financial position. The Investment Fund is a vehicle for long term investment of certain funds of the Diocese and of the parishes, separate congregations, and missions of the Diocese that have elected to utilize such services. The objective of the Investment Fund is to seek dividends and to attain an appreciation in value that, together with interest income, exceeds the effects of inflation. The Investment Fund is held by the Diocese in the name of the Diocese. While the Diocese is committed to maintaining the amounts as being attributable to the parishes, congregations, and missions as participants in the Investment Fund, these funds are not absolutely insulated from claims of creditors against the Diocese.

**Parish Giving Receivables**

Annual giving receivables of parishes and missions are recognized as revenue, based on amounts collected during the year and estimates of amounts to be collected as of the end of the fiscal year. These estimates are based primarily on amounts collected subsequent to the fiscal year end. Each receivable balance is assessed at the end of the year to determine if an allowance for bad debt is appropriate. No allowance was deemed necessary for the years ended December 31, 2019 or 2018.

(Audit Page 10)
Notes to Financial Statements (Continued)

Note 2 – Summary of Significant Accounting Policies (Continued)

Notes Receivable
The Diocese enters into loan agreements with individual parishes and employees. The notes receivable balance consists of advances made to parishes, secured loans made to assist members of the clergy in purchasing a residence and other short term advances to employees and members of the clergy. The receivable balance is assessed at the end of the year to determine if an allowance for bad debt is necessary. Refer to Note 9 for additional details.

Pledges Receivable
Pledges receivable that are expected to be collected within one year are reported net of any estimated uncollectible amounts. Contributions expected to be collected beyond one year are reported net of any estimated uncollectible amounts and are discounted to present value using a discount rate of 3%.

Allowance for uncollectible pledges
The Diocese has established an allowance for uncollectible contributions based on management’s judgment of the creditworthiness of the donors, past collection experience, and other relevant factors. No allowance for uncollectible pledges has been recorded as of December 31, 2019 or 2018. Although variability is inherent in such estimates, management believes that the allowance provided in the financial statements is adequate, but largely dependent on economic conditions.

Land and Buildings
Upon closing of a parish under the Diocese’s jurisdiction, all property including land and buildings for the parish becomes the Diocese’s property. The property is recognized at the lower of the appraised value or the state income tax assessment at the time the property is assumed by the Diocese. Depreciation is not recognized on occupied buildings of the Diocese; rather, costs incurred to make improvements to buildings are capitalized and depreciated to the extent they meet the Diocese’s threshold for capitalization.

Property, Equipment and Depreciation
Property and equipment purchases greater than $1,000 are carried at cost net of accumulated depreciation and depreciated using the straight line method over their estimated useful lives of 3 to 10 years. Donated items are carried at the estimated fair value at the date of donation.

(Audit Page 11)
Note 2 – Summary of Significant Accounting Policies (Continued)

Beneficial Interests in Perpetual Trusts

The Diocese recognizes as restricted revenue and as net assets restricted in perpetuity, its beneficial interests in perpetual trusts held by third parties when notified of the trust’s existence. Under the terms of the trust instruments, the Diocese has irrevocable rights to receive the income earned by the trust assets in perpetuity, but never receives the original corpus. Such revenue and assets are recorded initially at fair value with adjustments to such value, as changes occur, based on information reported by the trustees. Annual income distributions from the trusts are reported as revenues that increase net assets with restrictions or net assets without restrictions depending on the nature of donor restrictions on distributions. Adjustments to the initially reported assets are recognized as gains or losses restricted in perpetuity.

Gifts and Grants

The Diocese receives contributions throughout the year. Contributions received for a specific purpose or subject to a passage of time restriction are recognized as restricted revenue in the statements of activities. Donor restricted contributions whose restrictions are met within the same year as received are reported as gifts and grants without donor restrictions in the statements of activities.

Donated Services

The Diocese receives contributions of services from various donors, parishioners and volunteers. These services consist primarily of advisory and administrative support. Such services are not recognized as revenues and expenses in the statements of activities as the value of those services do not meet the requirements for recognition in accordance with GAAP.

Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The costs of program and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, salaries, employee benefits, and various other overhead costs have been allocated based on actual employee time and effort. All other expenses are allocated directly based on the nature of the expense.

NOTE 3 – LIQUIDITY AND AVAILABILITY OF RESOURCES

The Diocese regularly monitors liquidity required to meet its operating needs, while also striving to maximize the investment of its available funds. The Diocese has various sources of liquidity at its disposal, including cash and cash equivalents and marketable securities. The Diocese considers financial assets, informally designated through the budgeting process for special purposes by the Diocesan Council, as available for general use.

In addition to financial assets available to meet general expenditures over the next 12 months, the Diocese operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures. Operating revenue consists of Parish giving, Bishop’s Appeal contributions, releases from the Soper Trust designated to fund operations, and general contributions. Restricted contributions are maintained with the designation with donor restrictions and are not considered to be available for general expenditure.

The purposes of these net assets without donor restrictions, which are not board designated, but are segregated for internal budgeting purposes, are as follows:

**Funds invested in real property** – This amount represents funds invested in undeveloped mission sites, mission churches and vicarages and property and equipment owned by the Diocese.

**Closed parish funds** – Represents funds from the sale of parish property.

**Soper Income Fund** – The Soper income fund has been established to reflect the receipt of income from the Soper Fund, which formerly formed the corpus and accumulated income held within a perpetual trust established by Ruth Gregory Soper. On December 12, 2012, the Diocese and the Trustee agreed to a settlement agreement that terminated the Ruth G. Soper Trust. Since 2004, the Council approved the use of Soper income to supplement funding for the operating budget of the Diocese. Following the dissolution of the trust and the receipt of the assets comprising the trust, the Diocese determined the amounts to remain as net assets restricted in perpetuity based upon the value at the time the Diocese became the sole beneficiary of the Trust. The Diocese has determined that the amount of income distributed from the Soper Income Fund will continue to be determined using the same total return methodology that was applied by the Trustee of the Ruth G. Soper Trust. Under that methodology, the amount of income distributed during each year to the Soper Income Fund is equal to 5% of the average balance of the Soper Fund as of December 31 of the most recent three years. Distributions from the Soper fund for the years ended December 31, 2019 and 2018 were $1,243,796 and $1,341,346, respectively, and are presented within distribution from trusts in the statement of activities.

Note 5 – Net Assets with Donor Restrictions (Continued)

Seminary Support fund – Funds provide educational support for seminarians and are paid directly to the seminary as partial offset of tuition.

Note 6 – Endowment Funds

The Diocese has received endowments in the form of investments. These funds are used to support the various needs and programs of the Diocese. The endowment, which consists of twenty funds, is subject to the provision of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) of the District of Columbia. The Diocese has interpreted the District of Columbia’s UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. The Diocese classifies investment income as restricted until such time that it is appropriated for use. Unrealized gains and losses are classified as changes in net assets with donor restrictions. The Diocese manages the endowment in the same manner as its other investment holdings.

Investment Policy

Restricted funds held by the Diocese are invested with the objective of preserving the long term, real purchasing power of assets while providing a relatively predictable and growing stream of annual distributions in support of the Diocese. The funds have a goal of achieving a return consistent with its spending policy plus the inflation rate as measured by the Consumer Price Index (CPI) over a full market cycle. No more than 75% and no less than 45% of the funds’ assets may be invested in equity securities, active equity mutual funds, passive equity index funds, private capital funds, and/or hedge funds. The balance may be invested in active and/or passive bond funds, real estate investment trusts, and diversified commodity funds.

The activity of the endowment funds consisted of the following during the years ended December 31, 2019 and 2018, respectively:

NOTE 9 – RELATED PARTY TRANSACTIONS

NOTES RECEIVABLE

Notes receivable include loans made to members of the clergy to assist in purchasing their residences. These loans are secured by subordinate deeds of trust on the property financed. The total outstanding balance of these loans totaled $300,000 as of December 31, 2019 and 2018. These notes accrue interest that is calculated at such time that the notes become due and, generally is equal to a percentage of the increased value in the financed property. The percentage expresses the relationship between the principal amount loaned and the value of the property financed at the time of acquisition. There is a ceiling on the amount of contingent interest ultimately payable that is equal to a stated percent per year simple interest of 8%.

The Diocese also makes cash advances to Parishes. The total amounts outstanding on these advances as of December 31, 2019 and 2018 were $205,530 and $215,232, respectively. In addition, the Diocese makes short term advances to employees and clergy members. The total amount outstanding on these advances as of December 31, 2019 and 2018 was $18,476.
Note 9 – Related Party Transactions (Continued)

Notes Receivable (continued)
As of December 31, 2019 and 2018, no bad debt allowance has been established as the Diocese is not aware of any changes in the financial condition of the borrowers that would affect their ability to honor their respective obligations.

Bishop John T. Walker School
The Diocese currently operates the Bishop John T. Walker School for Boys (BWS) as an unincorporated operating unit of the Diocese.

Bishop John T. Walker School (continued)
The Diocese currently operates the Bishop John T. Walker School for Boys (BWS) as an unincorporated operating unit of the Diocese.

In accordance with bylaws approved by the Diocesan Council, the operation of BWS is governed by a Governing Board comprising 21 members who are elected by the Council upon the recommendation of the Governing Board and nomination by the Bishop. A majority of the members must be communicants in good standing of the Episcopal Church and eligible to vote at a parish in the Diocese. The Diocesan Council must approve amendments to the bylaws of BWS. Revenues and expenses associated with BWS are recorded in a designated fund maintained by the Diocese. In October 2010, the Diocese received a restricted gift of $223,654 from the German Orphan Home of the District of Columbia (GOH Gift). Pursuant to the agreement under which the GOH Gift was made, the income from these funds is available for use of the BWS. The GOH Gift is recorded as a fund restricted in perpetuity of the Diocese.

In March 2011, the Diocese entered into a loan which bears interest at the prime rate. In January 2012, the Diocese refinanced its loan with M&T Bank. The current loan agreement with M&T Bank stipulates that all outstanding principal be repaid prior to June 30, 2021, however, the Diocese repaid the loan in full as of December 31, 2019. The outstanding principal balance of the debt as of December 31, 2018 was $797,935.

Note 10 – Guarantees
The Diocesan Council periodically agrees to guarantee the payment of loans made to parishes by third parties. The Diocese has not been notified of defaults by the issuing institution nor is it aware of deterioration in the financial condition of the parishes that would impact their ability to honor their respective obligations. In addition, the Diocese has pledged two certificates of deposit to financial institutions in case of default on the Saint Nicholas or Saint George’s outstanding loan. These certificates of deposit of approximately $129,000 and $127,000 as of December 31, 2019 and 2018, respectively, are included in the certificates of deposit in the statements of financial position.

All clergy employed by the Episcopal Church and full time lay employees with a minimum of one year’s service are eligible to participate in The Fund’s Clergy Pension Plan (the Clergy Plan) and The Episcopal Church Lay Employee’ Retirement Plan (the Lay Plan), respectively. The Clergy Plan and the Lay Plan are exempt from the Employee Retirement Income Security Act of 1974 as church affiliated plans. The Group’s audited financial statements as of March 31, 2020, disclosed that the Clergy Plan was in an overfunded position with net assets available for benefits of $8.823 billion and accumulated plan benefit obligations of $7.346 billion. The Group’s audited financial statements as of March 31, 2020, disclosed that the Lay Plan was in an underfunded position with net assets available for benefits of approximately $165.524 million and accumulated plan benefit obligations of $240.746 million. The Diocese may be held liable for its portion of any unfunded liability. No liability was recorded in the financial statements for the years ended December 31, 2019 and 2018. The total contributions by the Diocese to the Group were $201,026 and $231,483 for the years ended December 31, 2019 and 2018, respectively.

NOTE 14 – BISHOP WALKER SCHOOL SUBLEASE

The Diocese entered into a sublease for BWS to occupy a portion of the Town Hall Education Arts Recreation Campus (THEARC) in Washington, DC. The lease commenced November 1, 2017 and has a term of 10 years. During 2016, the Diocese prepaid rent in the amount of $500,000 in accordance with the sublease agreement. The Diocese amortizes this prepaid rent over the life of the lease. In addition to rent, the Diocese pays its share of operating expenses based on square footage occupied. Future minimum lease payments under this sublease are as follows:

(Audit Page 23)
Note 15 – Subsequent Events

In March 2020, the World Health Organization declared a pandemic related to the rapidly spreading coronavirus (COVID 19) outbreak, which has led to a global health emergency. As a result, economic uncertainties have arisen which could impact the Diocese’s operations and its financial position. The extent of the impact of COVID 19 on the Diocese’s operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, as well as the impact on our parishes, employees and vendors, all of which are uncertain and cannot be predicted. The related financial impact cannot be reasonably estimated at this time.

In April 2020, the Diocese submitted an application to the Small Business Association for a loan in connection with the federally authorized Paycheck Protection Program (the Program). The loan was approved and approximately $816,000 was received by the Diocese in the second quarter of 2020. The Diocese intends to use these funds to support its payroll in accordance with the Program, including the activities of the Bishop Walker School. In accordance with the interim Department of Treasury regulations, portions of this loan amount utilized by the Diocese for qualifying business expenses as authorized by the Program may be eligible for forgiveness.

Table 6 – Clergy Compensation for 2020

This table is provided in response to a resolution of the 1976 Convention that the salary and allowances of each diocesan and parochial ecclesiastical and administrative position be published annually in the Journal.

Cash salary figures are supplied by (1) Diocesan staff (2) the Parochial Report supplements for 2019 and (3) the Church Pension Fund.

Utilities allowance has to be fixed at a dollar value in order to use the accepted formula for the value of houses owned by the church as rectories, vicarages, etc. Value of church owned housing is computed on the same basis as it is for the Church Pension Fund: 30% of cash salary plus utilities, cash housing allowance and SECA allowance.

Cash for housing is the dollar amount provided in place of rectory, vicarage or other church-owned property. In some cases it includes utilities.

Total compensation is the sum of cash salary (including any allowance for clergy self-employment tax or FICA), utilities and housing. The Church Pension assessment is 18% of this compensation and is wholly paid by the parish or other employer.

Other allowances are most commonly payments for use of a personally-owned vehicle for church business, business-related entertainment and other official expense.

Other benefits available on a Diocese-wide basis include: Group Life insurance of $50,000 ($150,000 for clergy, and $100,000 for Diocesan lay staff), disability insurance, and health insurance coverage (including dental) at the following rates:

A personal obligation of the clergy is the payment of Social Security taxes on the basis of the self-employed person. The rate for 2020 is 12.40% of earnings up to $137,700 and 2.9% on the first $200,000 net earnings. There is no limit on the earnings subject to the Medicare (hospital insurance) tax. The value of housing as well as cash for housing is included in this calculation. Parishes often include half of this, or 7.65%, as part of clergy compensation packages.

**The High Deductible Health Plan requires an annual contribution to a Health Savings Account (HSA) by the employer. The contribution is 50% of the annual deductible to be paid by March 31, 2019**

Committee Governance Policy

(LAST EDITED 2019)

Committee Governance Policy

(ADOPTED BY DIOCESAN COUNCIL 5/11/2004; REVISED 2020)

SEC. 1. RELATIONSHIP TO OTHER AUTHORITIES.
(a) This committee governance policy shall apply to any committee established by a resolution of the Convention, Diocesan Council, or Standing Committee described under section 4402 of the Canons of the Diocese.
(b) A resolution that establishes a committee may be amended by the entity that passed the resolution. Therefore, the entity that established a committee may make adjustments, provide oversight, and maintain control over the operation of the committee. By amending the establishing resolution, the entity may at any time change the conditions applicable to the committee, including the conditions under section 4403 of the Canons. The provisions under section 4403 only apply as a default if the entity does not address a particular issue by a resolution. For example, an entity may set the termination date of a committee when it is first established, change the termination date after it is established, or allow for a termination under section 4403.
(c) (1) This committee governance policy is subject to any provision of the Constitution or Canons of the Diocese.
(2) Any resolution establishing a committee shall be subject to the Constitution and Canons of the Diocese, except the Canons may authorize alternative provisions of the resolution to apply instead. (See section 4403 of the Canons).
(3) This committee governance policy shall be subject to a resolution of the Convention, Diocesan Council, or Standing Committee establishing a committee. To the extent that any provision of this policy is inconsistent with any provision of that resolution, the provision of the resolution shall govern.

SEC. 2. TASK FORCES.
(a) A task force is a group of individuals established to preliminarily explore the nature of a particular issue, identify areas of focus, and develop measurable, achievable goals and objectives. A task force is not a committee for purposes of this governance policy. A task force may be appointed before a committee is established, but there is no requirement that a task force is established first. There is no requirement that a committee shall be established because a task force was established.
(b) A task force may be established by the Bishop, Convention, Diocesan Council, or Standing Committee. The members of a task force shall be appointed by the entity that establishes it or in a manner as directed by the entity that establishes it. If the task force concludes that a committee should be established on the particular subject matter the task force shall submit a statement to the entity that established it on the reasons for the establishment of a committee, the fiscal impact and costs of the committee, and an identification of funding sources.
Sec. 3. Establishment of a Committee.
The Convention, Diocesan Council, or Standing Committee may establish a committee by resolution. If a task force was established to perform exploratory work before the establishment of a committee, the Convention, Diocesan Council, or Standing Committee shall consider the report of the task force in establishing the committee. The resolution should contain standard language of accountability, including a provision that calls for a complete evaluation of the work of the committee after a period of approximately 3 years after its establishment. Section 4404(f) of the Canons provides for a termination date for a committee, but a committee may be extended, have a different termination date, or be made permanent by a resolution. The resolution establishing a committee shall summarize the areas of focus, and serve as the charge to the committee. The body established in the resolution shall be called a committee.

Sec 4. Committee Membership.
(a) The resolution establishing the committee shall state who appoints the members of the committee and whether consent or consultation are required by a particular entity. There should be approximately 11 members and the total number of voting members should be an odd number to avoid a committee being deadlocked in a tie vote and left unable to act. Generally, when the Bishop appoints members, the Bishop shall consult with involved individuals, including members of the Convention, the Diocesan Council, or Standing Committee and any task force that preceded the committee. Members of a preliminary task force will be considered for appointment, but are not guaranteed appointment to the committee. There should be an appropriate distribution of membership to provide balance on the basis of clergy and laity, race, gender, region, and parish. The members of the committee may make recommendations for future members.

(b) Some individuals may be appointed as non-voting members in a consultative capacity, such as clergy who are not clerical members of the Convention or individuals who are not communicants of this Diocese in good standing. Those non-voting members appointed in a consultative capacity shall serve for terms and be subject to term limitations in the same manner as voting members.

Section 5. Subcommittees.
(a) A subcommittee is an operational unit of a committee that is performing ongoing work of the committee. Before a subcommittee may be established, the committee shall submit a plan for approval to the Diocesan Council (or the Standing Committee in the case of a committee established by the Standing Committee). The plan shall include a description of the duties, authorities, and functions of the subcommittee and a system of terms and term limitations. The annual report of the committee submitted to the Convention and Diocesan Council shall include a report from the subcommittee on the goals, objectives, and work of the subcommittee during the year.

(b) The Bishop (or the Standing Committee in the case of a committee established by the Standing Committee) and the committee chair shall appoint the chair of a subcommittee, with the consent of the committee. Members of the subcommittee are appointed by the chair of the committee and the chair of the subcommittee.
Membership of a subcommittee is not necessarily totally drawn from the membership of the committee. Any member of a subcommittee who is not a member of the committee (including the chair) shall meet the qualifications of committee membership and be subject to the same terms and term limitations as the committee.

**SECTION 6. AD HOC TASK FORCES OF COMMITTEES.**

An ad hoc task force of a committee is a group of individuals who are members of that committee, except an individual with specific expertise who is not a member of the committee may be appointed to the task force. The chair of the committee shall appoint the members with the consent of the committee. The ad hoc task force shall examine a particular issue on behalf of the committee or complete a specific project, and then disband. The lifespan of an ad hoc task force rarely exceeds a few months. If the work of an ad hoc task force continues for a year or longer, the committee shall evaluate whether the task force has become ineffective, is evolving into a subcommittee (which would need to meet the requirements of section 5), or for good reason needs to continue for a short, specific time.

**SECTION 7. ASSIGNMENTS.**

Assignments to a committee arise from the purposes, functions, duties, and authorities of the committee in the resolution establishing the committee. From time to time, the Bishop, Diocesan Council, Standing Committee, or Diocesan staff may ask the committee for assistance in exploring a particular subject related to the duties of the committee.

**SECTION 8. ACCOUNTABILITY AND ANNUAL REPORT.**

A committee shall submit a report to the Diocesan Council (or the Standing Committee in the case of a committee established by the Standing Committee) at least once a year. This is an opportunity for a mutual review, and the report and discussion should take the form of what has been accomplished that year and a mutual decision as to the goals and objectives for the coming year. Any changes relating to matters in the resolution establishing the committee (such as the title, purposes, functions, duties, authorities, or membership) are required to be made by a resolution.

**SECTION 9. ACCOUNTABILITY TO CONVENTION.**

(a) Section 305 of the Canons provides that (if not otherwise a member of Convention) a committee chair has seat and voice, but no vote at any meeting of the Convention. The committee chair is responsible for producing a short, written report (1–2 pages) for the Convention, to be submitted on the first working day of each year. The report appears in a packet of information at the Convention, is posted on the diocesan website under the information for that committee, and appears in the Journal of the Diocese.

(b) Unless otherwise included in the budget, there is generally a nominal amount ($100 to $300) in the Diocesan budget for the clerical costs of a committee. Each committee should make any budget request for funding to the Diocesan Council not later than October 1 of the year preceding the year in which the funds are to be made available. Budget requests should be part of the annual review under section 8. Committees may identify possible funding sources, but not engage in fundraising
without the approval of the Diocesan Council (or the Standing Committee in the case of a committee established by the Standing Committee).

**Section 10. Liaisons with Committees.**

(a) A member of the Diocesan staff should be assigned to each committee as a liaison. The relationship varies with the committee and with the individual chair, but the purpose is to be in relationship on behalf of the Bishop, and to help facilitate the flow of meetings and work for the year. Every committee needs to be aware that there is very little in the way of support staff at Church House and arrange for its own clerical work.

(b) Members of the Diocesan Council may be appointed to some committees to serve as a liaison between the committee and the Diocesan Council. This is most likely to occur when some critical work is being doing by the committee, but may occur at other times or for other reasons.

**Section 11. Termination of Committees.**

(a) Any committee that is terminating under section 4404(f) of the Canons or under a provision of the resolution establishing the committee shall submit a report to the Diocesan Council (or the Standing Committee in the case of a committee established by the Standing Committee) not later than 90 days before the date of the termination. The report shall include a summary of the achievements of the committee and a recommendation of whether or not the committee should terminate or be extended.

(b) The Diocesan Council (or the Standing Committee in the case of a committee established by the Standing Committee) should conduct a complete review of each committee every 3 to 5 years. Following the review process, the Diocesan Council (or the Standing Committee in the case of a committee established by the Standing Committee) may choose to terminate a committee, for any of a variety of reasons, including that the work of the committee has been completed, there has been a change in focus of the mission and work of the Diocese, or the committee has become ineffective or non–functional.
Diocesan Loan Policies

A. Policy for Diocesan Guarantees of Congregation Loans

Among the resources of the Diocese of Washington are the buildings and grounds of the congregations of the Diocese. One of the important ministries of every congregation is adequate maintenance of existing structures and capital equipment. A number of church buildings and the surrounding land, including cemeteries, are historic sites in the Washington area. In every neighborhood the church building is an important community resource. Above all else, these buildings are the places where God is worshiped and prayers on behalf of God’s creation are offered. Thus, every effort must be made by the congregations that call these buildings their “church home” to ensure that these buildings are maintained so that ministry now and in the future can be sustained.

Further, all Christians are called to go forth and preach the gospel to all nations. This may mean that congregations may be called upon to expand their mission and thus renovate and expand existing church buildings. Such a call to renew and/or expand a congregation’s mission and building or expand structures requires substantial capital resources in order to finance such an undertaking. Good stewardship and effective fundraising are a critical and primary component to such a mission. There is no outside source, including the Diocese, which can substitute for a congregation’s own financial support for its ministry.

When preparing to undertake any building improvement or expansion congregations are to exercise all possible efforts to secure financing without a diocesan guarantee. Lenders will almost inevitably request such a guarantee, if it is generally available, even when the lender would be willing to proceed without it. Congregations receiving permission from the Committee on Church Architecture to build and/or renovate existing property and from Finance Committee and the Standing Committee to encumber property should make every effort first to secure financing without a diocesan guarantee.

Under extraordinary circumstances the Diocese will consider guaranteeing a congregation’s loan. Examples of such circumstances may include: major repairs without which a church could not function; the building of new worship or program space during a time of increased growth within the parish, yet at a time in which without the new space the growth will subside and/or cease altogether; a congregation with a substantial membership of low income people who can sustain the operation of a parish, but lack sufficient personal, financial resources to support building renovations, repairs and expansion. The guarantee program of the Diocese requires the following of participating congregations:

1. The congregation would follow the existing process of submitting building master plans and/or proposed designs to the Committee on Church Architecture for review, and submitting these same plans to the Finance Committee, along with the following information:
   a. Parochial reports and audits from the previous three years;
   b. A statement of income and expense of the current fiscal year;
c. A current balance sheet;

d. A description of all fundraising activities for the building and a statement of funds received to date and funds anticipated, specifying the timeframe in which these funds would be received;

e. A case statement for the project;

f. A statement about current membership and projected growth;

g. A statement about current pledges and anticipated growth.

2. The congregation will provide a deposit to the Diocese for the equivalent of six monthly mortgage payments on the date the loan documents are signed. This cash will be placed in an interest bearing account under the control of the Diocese. All interest earned will be the property of the Diocese.

3. The congregation will negotiate with the lender a covenant that after five years of timely mortgage payments, the bank will release the Diocese from the guarantee, pending approval of the Finance Committee. This effectively limits the number of years that a guarantee will be in place. The congregation will also arrange with the lender to have mortgage payments deducted from their checking account to ensure timely payments.

4. At the end of five years when the Diocese is released from the guarantee, the parish will receive their deposit back, less any payments made on their behalf to the bank, and net of any loan. The parish will not receive any of the interest earned on this deposit.

5. During the time the guarantee is in place, the parish will submit quarterly financial reports to the diocesan Treasurer in a format acceptable to the Finance Committee. The diocesan Treasurer will maintain a schedule that includes the amount of loan outstanding, the amount of monthly payment, the amount of deposit, the amount of any loan made from the Closed Parishes Fund and the date of the most recent report. This report will be added to the reserve schedule for monthly distribution to the Diocesan Council.

6. To qualify for the guarantee, a congregation must have submitted the most recent parochial report and audit on time. If a congregation has not complied, the congregation must do so within 30 days and then resubmit their request to the Finance Committee. The congregation must agree to submit all required diocesan reports in a timely manner during the time of the guarantee.

7. At the time of request for a guarantee the congregation must be current with their payment of the pledge to the Diocese. Further, the congregation must agree to meet the expectation of moving to the tithe at the rate of 1% a year, if the congregation is not already tithing.

8. If a congregation is unable to make a loan payment, they must notify the bishop in writing and request that the Diocese make a payment on their behalf from the deposit. The Bishop will authorize the payment and notify the Finance Committee chair and the Treasurer of the payment. The Bishop in consultation the Finance Committee Chair and the Treasurer and other appropriate staff will determine
the next steps needed to assist the congregation. Notification to the Diocesan Council will be done through the monthly report unless the Bishop determines that additional actions are needed. If the Diocese depletes the deposit, Council will receive a written report from the Finance Committee describing what actions will be needed to assist the congregation in resolving their financial situation.

All requests for loans to congregations must receive approval of Standing Committee. All requests for a Diocesan guarantee must be approved by Diocesan Council. At no time will the Diocese provide total cumulative guarantees in a nominal amount of more than 50% of unrestricted net assets of the Diocese, nor shall a guarantee provided to any one congregation amount to more than 10%, of the unrestricted net assets of the Diocese as shown on the audit report of the most recent fiscal year. Should total cumulative guarantees exceed the set limit for cumulative guarantees, no additional loans or loan amounts may be guaranteed by the Diocese until total cumulative guarantees are brought below that set limit. Should the guarantee to any one congregation exceed the set limit to a single congregation, no further loans or loan amounts may be guaranteed to that one congregation until that congregation’s guarantee amount is brought below that set limit. This will safeguard the Diocese’s financial assets and ensure the adequate monitoring of the participating congregations.

B. POLICY FOR SHORT-TERM LOANS TO PARISHES  

1. Priority will be given to parishes with the greatest financial need, and parishes must demonstrate, in their application for a short-term loan, why other resources are not available or adequate. Parishes with other resources must provide justification for using diocesan rather than parish funds.

2. Amount: $35,000 or less; larger loans will be handled on a case-by-case basis.

3. Interest rate: Interest rates are to be set at closing at the then prevailing interest rate of five (5) year U.S. Treasury instruments plus .0175 (1.75%), but not less than .06 (6%). Interest rates shall be fixed for the 5-year term.

4. Repayment period: The standard repayment period is five years; however, the committee is prepared to grant exceptions where warranted.

5. The committee will consider each loan request on its particular merit.

6. While the Diocese will consider a wide range of possible uses for short-term loan proceeds, loan requests will generally be denied for such purposes as restoring operating funds and in instances where the use of other funds is more appropriate.

7. The granting of a loan does not relieve the parish of the responsibility to pay its Diocesan commitment.

8. Each loan request must include:
   a. A complete description of the project/endeavor for which the loan is intended, including detailed, substantiated costs;
   b. Parochial reports and audits from the previous three years;
   c. A statement of income and expense of the current fiscal year;
d. A current asset sheet;

e. A description of all fundraising activities for the building and a statement of funds received to date and funds anticipated, specifying the time frame in which these funds would be received;

f. A case statement for the project;

g. A statement about current membership and projected growth;

h. A statement about current pledges and anticipated growth;

i. A proposed monthly repayment plan, supported by budgeted funds; and

j. Justifying data to support the parish’s need for a loan.

C. Policy for Large Loans to Parishes

Funds available to be loaned and lending criteria:
Each year, the Diocesan Council will establish a limit for large-loan Missionary Development Funds (MDF) for the purpose of funding extraordinary missionary opportunities. Extraordinary missionary opportunities are those that reach beyond the normal functions of mission and outreach for all parishes and seek to develop new ministries, programs or special projects targeted at increasing Church membership and participation.

Maximum amount to be loaned to any parish:
$200,000, with exceptions approved on a case-by-case basis.

Terms:
1. The loan shall be for a period of five years at a fixed interest rate. Monthly payments shall be made as if the loan was for a period of 20 years, and a balloon payment of the balance will be due at the end of the five-year period. Interest rates are to be set at closing at the then prevailing interest rate of five (5) year U.S. Treasury instruments plus .0175 (1.75%), but not less than .06 (6%). Interest rates shall be fixed for the 5-year term.

2. In the absence of extraordinary and compelling circumstances, the loan will be renewed for successive 5-year periods, but will not be renewed after the twentieth year. Upon each renewal, the Diocese may adjust the interest rate and other terms.

3. The loan shall be secured by a deed of trust with the highest possible priority covering the parish’s real estate and approved by the Standing Committee. In addition, the parish shall comply with such of the conditions respecting aided parishes as the Council shall determine upon the recommendation of the Finance Committee (see accountability standards below).

4. The Diocese shall arrange for the preparation of the loan documents, at the expense of the parish.

5. All loans shall require the approval of the Council.
**Diocesan Loan Policies**

**Process:**
1. Loan requests should be submitted to the Bishop who, after review with the staff, would route them to:
   a. The Committee on Church Architecture, if appropriate, for review of the building plans;
   b. The Moderator of Council and the Canon to the Ordinary, who would determine whether or not the proposed project represents an extraordinary missionary opportunity;
   c. The Finance Committee, for review of the parish’s financial condition and ability to carry the loan.

2. Each loan request must include:
   a. A complete description of the project/endeavor for which the loan is intended, including detailed, substantiated costs;
   b. Parochial reports and audits from the previous three years;
   c. A statement of income and expense of the current fiscal year;
   d. A current asset sheet;
   e. A description of all fund-raising activities for the building and a statement of funds received to date and funds anticipated, specifying the time frame in which these funds would be received;
   f. A case statement for the project;
   g. A statement about current membership and projected growth;
   h. A statement about current pledges and anticipated growth;
   i. A proposed monthly repayment plan, supported by budgeted funds; and
   j. Justifying data to support the parish’s need for a loan.

3. Reports from the above committees would be submitted to the Moderator of the Diocesan Council. The Moderator could request that further work or review be undertaken by any of the committees, or could recommend the loan to the Diocesan Council.

4. The Diocesan Council would act on the loan request.

**Financial Accountability Standards for Parishes Receiving Loans:**
1. The proposed annual budget of the church will be submitted for review two months before the start of the church’s fiscal year. Following the completion of the every member canvass, any changes in the budget shall be submitted to the Finance Committee for review.

2. Quarterly financial statements using the form contained in Appendix B of “Audit Procedures in the Diocese of Washington” will be submitted in duplicate to the Chair of the Finance Committee through the Business Affairs Office.

3. Record keeping shall be done in a manner at least as rigorous as that specified by the Manual for Treasurers of Missions and Aided Parishes.”
4. An every member canvass with personal contacts shall be held each year.

5. There shall be an annual audit of the church’s accounts according to the standards stated in the “Audit Procedures in the Diocese of Washington.”

6. In view of the substantial amount of the loan, a liaison member of the Finance Committee shall be appointed to discuss and review with the treasurer of the parish any deviations from budget figures, or any plans for special fund drives, or any other activities of the parish that would reflect on its financial strength.
Diocesan Audit Guidelines

Each parish within the Diocese of Washington is responsible for submitting audited financial statements to the Bishop of Washington. These statements must be received by September 1st of the year following the calendar year being reported. To ensure financial statements are fairly stated, canon law requires an annual audit be completed by each parish. For direction in completing the annual audit, in January of 2003 the Diocesan Council adopted the audit guidelines established by the Domestic and Foreign Missionary Society of the Protestant Episcopal Church in the USA (DFMS).

These guidelines are included as Chapter VI in the Manual of Business Methods in Church Affairs which is published by the Domestic and Foreign Missionary Society of the Protestant Episcopal Church in the USA. In addition to the audit guidelines, the manual includes a great wealth of useful information aimed at assisting congregations in effectively running the business of the church, including information relating to tax, financial management, insurance, and other issues. This manual is available on The Episcopal Church website at www.episcopalchurch.org. The audit guidelines allow the following three types of financial audit be conducted by a parish:

1. Audit by independent CPA (Certified Public Accountant)
2. Audit by independent PA (Public Accountant)
3. Audit by Committee chosen by parish

These guidelines were created for parishes that choose to do an audit by committee instead of engaging a CPA or PA to perform the audit. The guidelines outline the steps and processes necessary to adequately review the financial statements and internal accounting controls of a parish.

Two changes, which were recommended by the Diocesan Finance Committee, are incorporated into the audit guidelines approved by Council. Both of these changes affect bullet 5 on page VI–3 of the manual, discussing the committee audit. First, the final sentence in the second paragraph of bullet 5, dealing with reimbursement for out-of-pocket expenses, was deleted. Second, the following sentence was added as the second sentence to the third paragraph under bullet 5: “A committee member may be someone, other than a CPA, who is engaged by the congregation to perform the committee audit, as long as the Committee Audit Guidelines and format are followed.”

The text of the Introduction portion of the guidelines is below (including the two diocesan changes listed above and appropriately marked, that were adopted by our Council). For the other sections (Audit Program Checklist, Sample Audit Committee Certificate, Instructions for the Audit Program), please refer to the Manual of Business Methods in Church Affairs.

1. Purpose: These audit guidelines were developed to assist auditors in performing the annual audit of the books of account of the congregations of the Episcopal Church.
2. Reasons for an Audit: Annual audits are required by the Canons of the Episcopal Church for all parishes, missions, and other institutions. The primary purpose of an audit is to assure that financial statements are fairly stated. Any person handling the monies or investments of the church needs an audit to protect the church assets.
and him/her against suspicion of mishandling those assets. Similarly, rector, vestry, vicar, bishop’s committees, treasurers, and other persons in positions of responsibility may be liable for any losses which would have been discovered by an ordinary audit but were not discovered because they failed to have an audit conducted.

In addition, an announcement to the congregation that a completed audit reveals that all monies and investments are properly accounted for will have a positive impact on stewardship.

3. Pre–Audit Advice: When meeting with the auditors, be prepared to discuss your plans and objectives. Auditors are in the position to advise you and serve your interest when they understand the goals you have set and when you can clearly explain what you expect and hope to get from their services.

   Keep good records and help your auditor save you money by not using professional time for routine work, such as gathering information.

   Keep your auditor informed of changes and new directions in the congregation.

   The treasurer and others, such as Vestry members, rector, and staff, should be available to the auditor to provide any needed information.

   A copy of the Manual of Business Methods in Church Affairs should be made available to the auditors.

4. Approved Auditors: The canons permit the auditing of congregational accounts by “an independent Certified Public Accountant,” by “an independent licensed public accountant,” or by “such committee as shall be authorized by the Finance Committee, Department of Finance, or other appropriate diocesan authority.”

   a. Certified Public Accountant: Very often the complexity and/or size of congregations necessitate an independent examination and reporting on their financial statements.

   i. Certified Public Accountants offer several levels of service. These include the audit, the compilation, and the review. Refer to the Glossary of this manual for definition of these terms. Neither a review nor a compilation is acceptable in place of an audit of a parish, mission, or other institution of the church.

   ii. Certified Public Accountants engaged in public accounting are available to all who wish to engage them for independent accounting skills. These skills consist primarily of the design and installation of financial systems, audits, investigations and reports based on audits, advice on management and financial policies, and tax return preparation.

   iii. Certified Public Accountants have met the statutory requirements of a state or other political subdivision of the United States as to age, education, residence, moral character, and expertise, and have passed.

   iv. Certified Public Accountants are permitted to advertise their services. This should help you in your search. Generally, when people do not know an accountant in the community, they will ask friends to recommend
someone. Businesspersons, especially those in the not-for-profit field, can be helpful in finding an accountant with expertise in the not-for-profit sector. Lawyers and bankers can be of assistance as well.

v. Fees are based on time charges. Moreover, fees vary with the level of experience of those required to perform the work. The prevailing cost of conducting a practice in the community will affect professional audit fees. Fees also vary based upon the time of year the audit work is performed.

b. **Independent Licensed Public Accountants:** While the CPAs and PAs are both licensed to perform the same public accounting services, they prepare differently to become licensed. A Public Accountant has a license based solely upon public accounting experience.

5. **The Committee Audit:** These Audit Guidelines were specially prepared for audit by committees. The Audit made by an audit committee will be termed a Committee Audit. The Auditor’s Opinion Letter of an Audit Committee will be termed an Audit Committee Certificate. The Auditor’s Comments on Internal Control will be termed Audit Committee Findings on Policies and Procedures.

Audit committee members should be independent of the decision making and financial record keeping functions of the congregation. The members of the audit committee should have sufficient financial skills and experience to conduct a competent audit. It might be appropriate to offer reimbursement to the audit committee for out-of-pocket expenses.

An audit committee may consist of one or more individuals. A committee member may be someone, other than a CPA, who is engaged by the congregation to perform the committee audit, as long as the Committee Audit Guidelines and format are followed. The actual number of members should be determined by the size and scope of the audit.

6. **Scope of the Committee Audit:** The scope of the audit shall include:

a. Sufficient tests of transactions to assure compliance with these guidelines and adequate control of the assets of each congregation.

b. Verification (or preparation) of financial statements in the form approved for the Episcopal Church as set forth in this manual. Refer to Chapter III (Bookkeeping).

c. A review of management control practices using the Internal Control Questionnaire found in Chapter II (Internal Controls).

7. **Accounts to be Audited:** All accounts must be audited. The audit requirement covers not only the operating accounts of the organization, but also all its restricted, endowment, and property funds, and the accounts, if any, of its organizations. No church money is exempt from the requirement of an audit. If a separate auditor has audited an account of a separate treasurer, the report should be included in the consolidated financial statements.

8. **Objectives of the Audit:** The major objectives of an audit of a congregation are to ascertain the following:
a. That the various transactions during the year are proper and are documented appropriately (i.e., authorized, complete and accurate);

b. That the various transactions during the year are recorded in the proper amounts and in the proper accounts;

c. That the assets, liabilities, income and expenses, which should be in the financial records, are so shown in the proper amounts and in the proper accounts;

d. That, to the extent feasible, adequate internal control procedures were and continue to be in effect; and

e. That the financial statements for the year were prepared from the financial records and present fairly the financial position and changes in net assets and cash flows of the congregation.

9. Timing of the Audit: The Canons call for a church fiscal (i.e., financial) year ending on December 31 of any given year. The engagement of the auditor should be done prior to the end of the period being examined. This timing allows the auditor to include certain audit procedures that can only be performed at year-end.

10. Contents of the Audit Report: The auditor is responsible for submitting an audit report to the Vestry of the church. The Audit Report shall consist of:

a. The Audit Committee Certificate;

b. The Statement of Financial Position;

c. The Statement of Activities;

d. The Statement of Cash Flows;

e. Completed Audit Program Checklist;

f. The Audit Committee Findings on Policies and Procedures; and

g. A corrected parochial report as a result of audit adjustments, if applicable.

11. Filing of the Audit:

a. Prior to actual delivery of the audit report, the Vestry should issue a letter to the auditor stating that all records have been available for audit and there are no funds omitted.

b. Upon completion, the Audit Committee shall present the audit report to the Treasurer, Rector, and Wardens.

c. Any findings and recommendations should be presented in the Audit Committee Findings on Policies and Procedures, not in the Audit Committee Certificate. These items will be discussed with the Treasurer or other responsible persons and within 30 days their written response, attached to the audit report, is presented to the Vestry.
d. The Vestry receives the audit report upon completion.

e. A copy of the audit report should be filed with the Bishop or Ecclesiastical Authority not later than 30 days following its completion and never later than September 1 of each year, covering the financial reports of the previous calendar year. The minutes of the Vestry will officially record the receipt, acceptance, and subsequent filing of the audit report with the Ecclesiastical Authority.

f. If, at any time during the audit, the records suggest that something is seriously wrong, the matter should be brought immediately to the attention of someone of superior authority, as well as the appropriate diocesan authority.

**Policy Statement on Disposition of Proceeds from Sale of Real Estate Assets**

*(Adopted by Diocesan Council 5/9/2006)*

The Episcopal Diocese of Washington has formulated this policy statement as a guide for dealing with the disposition of real estate asset sale proceeds. No prior policy statement can be identified as existing. Asset sales, by their very nature, tend to be long term in their perspective. We endorse this same concept when putting these resources to use. Use of any proceeds should align with the mission/vision of the Diocese. They should and will not be used for normal operating expenses.

Each situation will present its own unique set of circumstances. The timing of each sale will also come at a unique time for the Diocese – where we can envision an almost unlimited opportunity to put these assets to use for varying needs, projects, and ministries. We believe these guidelines need to provide a fundamental direction for the use of these proceeds. While Council needs to show some sensitivity, flexibility, and creativity to respond to the needs of the moment, we recommend the basic guidelines serve as the foundation for all decisions on the use of sale proceeds.

Prior to determining any use of these proceeds, the original source of the funds used to acquire the asset will be researched to determine any commitments, restrictions, or requirements that may apply to ensure we properly dispose of the proceeds.

1. Proceeds from asset sales will primarily be used for (prioritization is not implied):
   - purchase of new land
   - church plants
   - building/renovation projects including accessibility
   - congregational development and renewal
   - renewable investments (start-up or seed loans)

   Use of these proceeds could take the form of a grant, reimbursable grant, loan, or investment. Council will establish a process and procedures by which requests can be administered according to these guidelines.

2. All monies received from sale proceeds will be separately accounted for to ensure they go toward the intended use. Investment income on these monies will be kept within these funds and not used for other purposes.
3. Council will be responsible for making all decisions regarding the use of asset sale proceeds. Council will also be responsible for the review, revision as necessary, monitoring, and application of these guidelines on behalf of Convention. Council will task the appropriate committee or staff to execute all decisions.

Appendices to the Canons of the Diocese

Appendix A: Guidelines for Building and Financing. (1965)

The experience of several decades has shown the wisdom of careful advance planning when new churches, parish houses, and rectories are to be built and financed. The following recommendations, while not all-inclusive, reflect this experience in some areas where difficulties have arisen.

1. Site:
   (a) Location: Preferably at or near an intersection of main routes of travel to and from residential areas.
   (b) Area: In outlying areas at least four acres. In urban sections particular care for the accessibility of parking facilities.
   (c) Contour of land: Suitability for adequate development for all anticipated buildings.

2. Program:
   (a) The appointment of a representative parish committee to consider:
      (1) For the Church building:
         Number of seats, present and future
         Location of choir
         Location and type of organ desired
         Liturgical requirements of altar and sanctuary
         Traffic pattern of communicants to and from rail
         Location and size of sacristy and vesting areas
         Entrance vestibule
         Coat rooms, if any
         Adequate space to turn a casket
         Side aisles, if possible
      (2) For the Parish House:
         Number, size and location of administrative offices
         Requirements of the Church School
         General meeting rooms
         Food services
         Type and location of heating and ventilating equipment
         Utility and storage closets
         Public and private toilets
      (3) For the Rectory:
         Rector’s study
         Family living room
         Number and location of bedrooms, including a guest room
         Rooms for meetings and recreation
   (b) The study of present and future development of the whole site.

3. Selection of and agreement with Architect:
   (a) Preferably a member of the American Institute of Architects and one qualified to meet liturgical and professional requirements. Personal interview to determine choice. Consultation on plans for the development of the site.
(b) A written agreement between the owner and the architect following substantially
the conditions set forth in documents of the AIA covering complete professional
services. A caution, however, with regard to the standard provision in such
contracts that a sum equal to 25% of the reasonably estimated cost may be asked
by the architect if the work is discontinued.

(c) A fee generally not less than the fee established as a minimum for the area by the
AIA for complete professional services.

(d) The agreement to include estimates of cost at least as follows:
   (1) A preliminary estimate of costs based on architectural studies.
   (2) A further and more complete estimate of cost when working drawings and
detailed specifications make possible a more accurate determination.
   (3) This estimate made by a professional estimator at the expense of the owner.

4. Financing:
   (a) Upon receiving the preliminary estimate the addition thereto of:
      (1) The amount of the architect’s fee.
      (2) At least 10% as a factor of safety to allow for increases in costs before placing
          of the contract for construction.
      (3) An additional 5% as an allowance for changes which may be desired in the
          course of construction.
   (b) If the total estimated cost, including the architect’s fee and the contingency
       allowances, be deemed within the capabilities of the congregation, consultation
       with diocesan authorities:
      (1) Submission of preliminary drawings and studies to the Diocesan Commission
          on Church Architecture.
      (2) Consultation with the Bishop and Standing Committee about the plans for
          financing, particularly any plan to be secured by a loan on Church property.
   (c) In the event that approval be given, authorization by the committee:
      (1) Working drawings and detailed specifications by the architect.
      (2) Inauguration and active prosecution of a building fund campaign, or other
          plan of raising funds, so structured that there be in hand, before the estimated
date of completion of construction, an amount of cash equal to not less than
40% of the total estimated cost; so that, if a loan is to be secured on Church
property, it be no more than 60% of the cost of construction.
      (3) Preliminary arrangements for financing.
      (4) Application to the Bishop and Standing Committee for approval of borrowing.
          (Vide General Convention, Canon I.7, and Diocesan Canon 29.)

BY THE ACT OF FEBRUARY 2, 1907, 34 STAT. 875:

Whereas it has been represented to the Congress of the United States by a committee, appointed by the primary convention of the Protestant Episcopal Church of the diocese of Washington, whereof the Reverend John H.
